

The Backbone Worship Gathering in Charlotte 2/18/20

Susie Zeigler: Welcome to the embassy of Zion worship gathering! I'll remind you: an embassy is not a building; an embassy is a delegation of people (that's all of us) entrusted with a mission or assignment for a sovereign or a government. I want you to join me in letting the Lord know - Lord, we are here for you tonight. You are our Sovereign, our King. And Lord we have no other reason to be here except to meet with you! We welcome you! Jesus we exalt you and we are here for you! You are worthy! Worthy! Worthy!

Anne Romanello: We want to honor some people who have come to be with us here in this region. And that is our wonderful Apostle, Chuck Pierce. We are so grateful that he brought with him members from the Glory of Zion worship team: James Vincent, LeAnn Squier, Shatece McLeod, and Gerald McLeod. Accompanying them are members of the Embassy of Zion worship team [Jolene Gunari, Mandie Smith, Justin Pfledderer, and Anthony Smith.] We thank the Embassy of Zion Host Team for helping to pull all of this together. Thank you Lord!

Also Apostle Dutch Sheets is with us here tonight! We are so glad! We must be special! And Carolina means joyful song, joyful sound, right? So tonight let's have the joy of the Lord strengthen the team that's the Backbone Team going from FL to Washington DC, led by apostle Ken Malone. Welcome Backbone Team! They are our brothers and sisters, on an awesome mission that is now part of our mission because we are gathered here tonight in this worship gathering.

I want to acknowledge all of you, and you all know what you overcame to get here tonight. In the registration, this fascinated me. There were 15 from GA, ten of whom are the only person from their city or town. Isn't it awesome that they came. Then I looked in SC. SC in the house! It is awesome that 27 people who are the only ones from their town made it into this embassy. Because none of us are alone! We don't fight alone, we don't worship alone, we are together! Likewise, in NC 43 people are the only ones from their town, but praise God they are here and taking it back to where they live!

And I want to honor and acknowledge someone - we are all precious in the sight of the Lord - but there is someone who came here by herself at age 80 from TN. She wrote me and said this may be the last of these gatherings that I can get to by myself, but I really wanted to make it. God bless Virginia Evans!

Susie Zeigler: So we have gathered from GA, AL, TN, TX, VA, WV, MD, NJ, NY. and FL! And we are going to give a double portion Roar of the Spirit from the Carolinas! We love you Lord! We love you Lord! We bless you Jesus! You are the Worthy One! Let's worship the Lord!

All Singing: Great are you Lord!

All Singing: Our God is an Awesome God!

James Vincent sings: I see the banner over the land, like a banner that's being mended as we sing these sounds over the land. His banner over us is strength! His banner over us is victory! His banner over us is love!

I feel like, as this banner is waving over this land, it not just the ground that's shaking, it's the atmosphere that's shaking. There's something's shaking in the atmosphere! There's somethings changing in the atmosphere! There's something being healed in the atmosphere! Something's rumbling in the atmosphere! We can feel it rumbling in the atmosphere! Your greatness is rumbling in the atmosphere! Your victory is rumbling in the atmosphere!

I see as the sound is going forth, there is a path being formed from heaven for the Word of God to flow down like never before, being able to be sown into the atmosphere like never before, in ways that it's never broken through. It has a staying power, it's got a sticking power, it's got a germination about it that's never been seen before. The atmosphere is rumbling. The atmosphere is breaking open. The atmosphere is opening up.

Chuck Pierce: As James is leading us, I can see a schism being healed. I want you to decree right now that there is a supernatural, overdue healing coming to this land tonight. Father, you brought us here. You brought us here to release a sound, to agree with heaven and earth, so this land and its rifts of the past could be healed. And we say tonight, we bind that divisive spirit, in the name of Jesus! We set a bloodline from the Carolinas, where the beginning of the Civil War and the end almost occurred. Father, we say let the healing now fall across this land!

Give the Lord a clap offering. Thank the Lord for His Spirit that is here. Father, we thank you for this place. Holy Spirit, we thank you that you are here.

In 2008 when the Lord caught me up in NJ - we have John and Sheryl Price, and the Roselle's here, representing NJ - and showed me this nation, He showed me every state in this nation and caught me into the future, three years, into what would be a new authority structure. Showed me - that would have been leading up to this past year, leading up to 2020. And showed me a new authority structure coming to the land, but He showed me a new movement of God coming to America - a triumphant people that would come in every state that would rise up. That triumphant people is now rising up! Everybody shout: for a time such as this!

He showed me 21 states in covenant with Him in this land. I've written about that in several books. The newest book - [A Triumphant Kingdom](#) - Robert and I have written to show how things are progressing from church into Kingdom. See, this is a Kingdom meeting.

He showed me two states - California and the other was Florida. Last year - for many times we've been to Florida. When Dutch and I went there during the 50 state tour,

Dutch called it a first fruits state. But last year was different. The Lord showed me what that State looked like from the heavenlies. He showed me what every state looked like from the heavenlies. But last year the Lord had me go there nine times. That's probably more times than I went to our own place in Corinth. Because it was that important that Florida made a shift. And the man and team that hosted us several of those times, and grabbed hold to the mantle that the Lord shown me that had to come out of Florida and up the East Coast, was Apostle Ken and his wife Cheryl Malone. I want you to welcome Ken Malone to give us a charge from Florida.

Ken Malone: Give the Lord a shout! I am so thankful tonight to be here in Charlotte. Thankful to Susie and Anne for helping us put this backbone tour on here in Charlotte.

Last January 10, 2019 Chuck was in West Palm Beach at Covenant Center. He prophesied that the snake that had been running through Florida had now turned into a backbone. At that same time we were holding three days of consecration for the State. We were consecrating ourselves to the Lord, fasting and praying. And the night Chuck saw the snake turn to a backbone I had an angel visitation that I knew to be the Prince Angel over the state of Florida. The Prince Angel of the Lord over our State. He said one sentence to me that wrecked me. "My people have finally arrived and they have come into place." I knew that something had shifted in Florida.

We began praying into this backbone word. We did not know what God was going to do with it. Then last the summer, I think it was July, Chuck and Dutch were with us in Tampa. We assembled there and Dutch began prophesying into this backbone. He said I see a backbone that is running from Florida all the way up to Washington DC. He said I see a backbone highway, a highway of life running from Florida to DC.

When he said that in Tampa, I was wrecked, because God began speaking to me about doing a tour. I remember saying Lord, I don't want to do another tour. I've done tours in CA, in FL, and tours across the nation. But He said I want you to do a tour and I want you to carry the backbone all the way from Florida to DC.

One of the things I know this tour is about, it's about aligning the remnant of this nation. Ezekiel 37 is taking place right now from Florida all the way to DC. The Lord is aligning the backbone of Florida, the backbone of Georgia, the backbone of SC, of NC, of Virginia all the way into DC. He's aligning that remnant to become an army. We are no longer just Christians going to church. We now have been called to take a city, to take a nation, to take states for the Lord.

I believe some of the fruit that is going to come from this tour is going to be awakening revival in our nation. I believe the first fruits of revival are going to be your prodigals. In every city that we are going to, we are releasing the prodigals to come home. We are calling them to come home, on this tour, because we need their backbone also! Call your prodigal's name out. They are coming home to the Lord! It is their time! Lord, we decree our prodigals are coming home to you, Father! Our prodigals are coming into the Kingdom! Father, we thank you for it.

Sunday morning we started in our oldest city in the nation, Saint Augustine. We assembled there and began to connect with the covenant root of this nation in the oldest city. Right in that area is where the French Huguenots, the praying protestants, came and began to settle in that region until Spain wiped them out. But we connected with their covenant root.

From there we went to Savannah. In Savannah we began to decree that Savannah would begin to gain its backbone, GA would gain its backbone and begin moving into this awakening.

We went from there yesterday to SC and met on the capitol steps of SC and repented for the sins of our nation. There was a powerful wind of God on SC yesterday. I don't know what the Lord is about to do there, but there is a powerful movement that is going to take place in SC.

And tonight we're in Charlotte. I went out to the Billy Graham Library today because I know that the Lord wants to re-dig the wells of mass evangelism. So we went there and we had communion. And I believe that out of this State is going to come a powerful army of evangelists that are going to all the nations, including this one.

And we are so glad you're here to help us tonight. We have people from FL and we have gained people along the way, in GA, SC, NC. Those going to DC with us on the tour, stand up. We will pick them up in VA as well. Thank you.

So Lord, tonight I decree that out of North Carolina there will come a voice of one crying in the wilderness, calling the prodigals home, calling the harvest to come in. I say out of NC there will be a powerful move of evangelism that will be launched from this state in an awesome, awesome way! Father, I thank you for what you are doing here. And I thank you that Charlotte NC will begin moving in awakening revival. I thank you for it Lord, in Jesus' name.

Chuck Pierce: Let's stand up and worship. The Spirit of God is here. You say, why do you have to gather? Why do you have to go? Well, remember when the Lord prayed over, in John 9, the man who was blind from his birth, and He put mud on his eyes, and said you are going to have to go down to the pool of Siloam, to wash your eyes to be healed. That was a long way. A long way from where the Lord put mud, to the center place he needed to go, the place that led up to the Temple. You see, it takes us going to see clearly our future.

And the Lord is saying, get ready. We are like a troop on the move. Tell somebody - a troop on the move. And the Lord says many will join, many will join, many will join this troop, this worshipping troop.

I want you to prepare an offering for us to propel this forward, all the way to its destination. Make that offering out to Embassy of Zion. It is so key that we propel and accomplish this. I believe this had to come into place for us to make our shift as we get

to Passover this year. Passover this year is different. We cross over into the sound of our future. So what you are doing tonight, and as we give tonight, you will be pressing forward a nation into its future.

And of course Embassy of Zion - I know of no other group that is more accountable for what they do to steward God's finances. So I want you to get that offering prepared. I want you to worship with it. I don't want you to just - all of a sudden us take an offering. I want us to prepare an offering, to say Lord, we are ready to see this nation re-form its backbone. Ready to see this nation re-form its backbone. Now let's worship the Lord.

All Singing: This is a Move!

Chuck Pierce: When you release that offering, you shout, "Lord, we need a move! Holy Spirit we need a move! Come and move across this land - from the Keys of Florida all the way north to the top of Maine, all the way west to the very West Coast of Alaska and Hawaii. Lord, we need a move!"
Shout it! Let's release this offering and say, "Let the move begin!"

This is causing a shift in the atmosphere. It is causing faith to arise. God brought us here to send this out. One of the things to see about the Carolinas, it has the greatest Sound, and when I say that inland, inlet in this nation. Therefore it has the greatest sound in God's eyes to go out across the earth, to go out on the trade lines. Sheryl, come make a decree over, from this place, and then I want you to sing this with all of your heart.

Sheryl Price: As we were getting off the plane today I saw the crown, because Charlotte is the crown city. And the Lord spoke to me and said tonight, we have authority over that coronavirus, which is in the shape of a crown. We're not just gathered here for our nation. But God is broadening our authority tonight to speak into this thing. So in the name of Jesus, with the authority, Lord, that you have given our mouths tonight, we speak to that coronavirus and we say cease and desist! Stop now! Stop now, in Jesus' name! I annihilate you by the blood of Jesus Christ, in Jesus name!

Chuck Pierce: Shout, "We need a move of healing! We need a miracle move of healing! The Spirit of healing across the land - we loose it here in Charlotte NC!"

Singing miracles happen when you move; miracles coming...

LeAnn Squier: So tonight when I walked on the stage in the wings, I heard the Lord say I'm breaking the spirit of infirmity. And I saw, it was the back, it was the woman who had been bent over for 18 years, with the spirit of infirmity in her back. She was bent over. And I began to realize as all of this was transpiring, what is happening is God is healing the backbone of the Body of Christ - all along this pathway up the Coast. And as she stood up, I saw that the Lord was saying I am restoring the crown, the scepter. I'm restoring the spirit of authority. I'm purging out infirmity, weakness. And I saw it was

a call to rule and to reign. To rule and to reign. And so even as the Body of Christ is being restored, and even as that governing anointing is coming back to the Body of Christ, you know who you are now! We know who we are! We know we are here for a purpose! We know we are a scepter in the hand of the Lord! This thing is shifting now! This is shifting in our nation and shifting with you, as we are stepping into that place where we are upright. And we are strong, even in our core and in our backbone being restored. Now there is a governmental anointing that is beginning to rest.

Singing: Miracles happen when you move...

Chuck Pierce: Say it again, “this is a move.” All of a sudden I saw something. It was like a veil rolled back and I saw us - in moments we will know in territories how to gather. We’ll gather and the Spirit of God will come. And it will create. People will start bringing people in that need to be saved. It won’t be church gatherings. We will just say we are all gathering for this, and all of a sudden you’ll know this is the place where the Spirit of God rests. And we’ll show up and the Spirit of God will manifest our future! Let’s give a shout!

Let me show you this as we are preparing to make a shift. This time is so very important that we are in. It is such a key time for us to understand the change that is going on around us. Things are changing. In the midst of change, we are going to a new level in a lot of areas. We are a little confused where we are going - place your hand on someone and say that was for you - but at least we are going. Just say at least I am going! So it becomes important that we see the time frame we are in.

SLIDE: Come Face to Face with the Roar!

And we see how this is what it really looks like from a Hebraic standpoint. The time 5780. 80 us the word “Pey” in Hebrew. It's like a breath. It's like the Lion of the Tribe of Judah is breathing from heaven. See, it's not just about us shifting in the earth realm. Heavens are shifting! That's what makes it so important because heavens are shifting. You say where's that in the Word of God? Several places, but in Psalm 102 it says He removes the heavens like an old garment. And all of a sudden when that happens everything that was in the atmosphere becomes shaky, and all of a sudden His glory starts sifting down upon us, and demon forces have to flee and back away. So it becomes very important we see this shift.

This time, this Pey time, this era that we've entered in to, it means that we are coming face to face again with the roar of heaven. So it becomes important we see this.

It becomes important that we understand it is about expression in a new way. It's about vocalization in a new way. And it's about speech, but a wind is blowing, a breath is blowing. And notice the structure that you've been in - there is a new opening of advancement. Say out loud, “I'm ready to move forward.”

SLIDE: This Era is About the Voice that Comes Out of Your House! A Supernatural, Mystical Atmosphere is Contending for Authority! You Determine the Rule!

So this era that we are in is about, let me summarize it: It's about the voice that comes out of your house. That voice that's been in you that God is unlocking to come forth with a strength that has never come forth before. And so we're on the verge of coming forth in a new way.

It's about a mystical atmosphere. Actually we have entered a supernatural season. The enemy is fully contending for this season. It's supernatural. Do not be afraid of supernatural manifestation. Recognize supernatural manifestation around you. Recognize the slightest shift of circumstance that is going on around you. Recognize God's dealing in your midst. Recognize your bush as it begins to burn, because He is calling us up again off the backside of the desert, and He is saying I am ready for My people to come up and come out again. I am ready for them to express themselves and express who I am again.

So we've entered this era, 80. Eight is new beginning and ten is testimony. So in this new era it really means everything you went through in the last season, you'll testify and your testimony will become overcoming in this season.

I love it that our sister is here, 80 yrs old. She is at the right place, at the right time! The Lord said I have filled your bones with testimonies and the Lord says they are going to start speaking even in the middle of the night. I'll cause things to come alive and you'll speak forth. You'll wake up speaking and decreeing what has been held up in your bones.

SLIDE: This is an Era of Holy Spirit Movement! A Wineskin for an Explosive Kingdom Movement! Acts 2; 9; 19

And so in 2008, that was twelve years ago. Twelve is linked with a new administration. And so all of a sudden we've entered a new administration. When God was showing me that from heaven and caught me up in New Jersey I said Lord, how in the world will America change? I saw the movement, but I also saw the iniquities. And I said how will this nation change? And the Lord spoke clearly to me. I've written about this, I've shared it, and He spoke it. He said "They must learn to play the trump card."

I'm not sure we've learned to play the trump card yet, but we are learning. We are learning changes are coming. We are learning that the Lord had to unseat old structures, and he had to bring people in like He brought Jehu in. And He brought others in that were worse than Jehu just to get us on track. And so it became very important that we see the timing that we are in.

But think about what happened since President Trump has been in office. Israel now is come into a new order. All of a sudden Jerusalem, that was decreed in '48 that would

be the capitol, and because of all the confusion it never could become one, now Jerusalem is the capitol! That realigns us with the Word of God! It realigns us with the harvest for the future!

[Slide - picture of Florida as he describes] And when the Lord showed me Florida, this is what it looked like from heaven. It looked like a black snake was right down the middle of it. And not every state, but Florida had a lot - He showed me these fiery castles that would become kingdom apostolic centers of fire in the days ahead. Not mega-churches. Fiery centers filled with the glory of God.

They could be place or they could also be structure. And so it became very important. And in the midst of it He said unless the snake, this road of darkness that will come up through Florida is overturned, this nation cannot change.

It was just clear. So I started decreeing it and I started going. And you have people like the Malones and other leaders, Paul Wilbur - all over that State there are leaders now up and down that State who have said, "We will see the glory of God come up through this State!"

And then, as Ken said, on January 10th I was there to minister, and I'm getting ready to say you're gonna have to change, and all of a sudden the Lord caught me up. And all of a sudden this snaky black highway that had been there turned into a backbone for our nation. I was shocked. I didn't even know really how to move. I just started decreeing, "Florida has shifted! Florida has shifted!" Because the Lord showed me if Florida didn't shift, Atlanta would become the capitol of the rebellion that would try to overturn a nation in days ahead.

And so He showed me this, that Florida had made a shift. You can look now after decreeing that last year, when those hurricanes would be coming straight toward Florida, all of a sudden they would shift and go another way. It is because you had people making decrees.

[Slide showing backbone along Florida and beginning up the East Coast] This is what now we are now looking at as we go forth. This not only is in Florida, but now thanks to people in leadership, God is saying I'm bringing it on up. I'm connecting it on up, and I'm taking a new backbone into Washington DC.

To understand that, we need to understand what a backbone is, and what it represents.

SLIDE: A Backbone Is

- An essential part of the skeletal system to keep us upright and protect the spinal cord
- A symbol of strength and character
- Unwillingness to be used or taken for granted
- A firm commitment to uphold one's decisions and feelings
- Empowered and not belittled
- Secured and not second guessing ourselves

- Confident - Gain Faith (in God, Self)
- Remove all compromise
- Develop staying power

It is the essential part of the skeletal system that keeps us upright. See, demons will always try to weaken that backbone. Many of us know that, have experienced that. Because they know if you get weakened you can't stand as strong at times. It also protects your spinal cord. All your nerve centers, all the communication centers - does the same thing for a nation. Not just an individual. God treats nations like he does individuals.

It also is a symbol of strength and character that comes. A person with backbone - they are unwilling to be taken for granted. And the enemy will hit them and hit them and hit them so that will become weakened and lose their voice.

They have this firm commitment to hold to their decisions and feelings. They are empowered, and they won't tolerate being belittled in what they represent.

See, all of a sudden - you can look back and see where our nation was going. We were becoming weakened. We took no stand. Matter of fact, we were on the verge of being hung between two opinions, like Elijah said, and he was shifting us. A person with backbone doesn't second guess themselves. They just make decisions - right, wrong, whatever, and move forward, and know they will be backed because they are confident. Some way or another the word confident is the same word biblically used for faith. You have to be confident in the object of your faith but then you have to be confident in who you are in Christ. As we enter this era it's not just about God coming down, it's about us coming out! Tell somebody you are coming out!

Backbone means compromise is going. Say it out loud in this nation as this tour goes up this East Coast. But it also means this - this is what's key when the going gets tough - there are some people having staying power. You can call it deep pockets, you can call it strength, you can call it whatever you want, but when they can't stand they keep standing. Ephesians 6 is about backbone.

I want to say to you God is re-clothing and re-forming our backbone, because we have entered our greatest season of tension. And God's people are carrying a whole new anointing to deal with tension!

SLIDE: A Season of Tension!

- Leadership Tensions!
- Political Tensions!
- Provisional Tensions!
- Supernatural Atmospheric Tensions!
- One New Man Tensions!
 - Gender
 - Racial
 - Sectarian

We are in a leadership shift. Political tensions. Provisional tensions. Supernatural. Tension is like a physics dynamic, where you are putting strain on something. I like what Ephesians 4 says, "Strain every nerve to keep unity."

We've got supernatural tension, one new man tensions of gender, race, and sectarianism. And God is saying my people are going to be on the end of this tug of war that pulls things across into my court this season.

So here we are in Charlotte. Key. Key city for our future. All the prophecies that have been spoken over you. But look back at what the Carolinas are known for. Flight. They are known for political shifts. They are known for supply. They are known for food, too. It's good! They are known for NASCAR. They are known for moonshine. Now we are getting into my background.

The Carolinas have always had one of the greatest voices to stand in this land. That's why it was important for us to come here and worship. Because Carolina, and especially this city some way, will be the determining forces of our nation in days ahead.

So because of that let's stand, and as you stand say the infirm spirit on the Carolinas is leaving.

Dutch and I went to 22 different regions across America last year, including Alaska. One end to the other. And I don't know anybody that stands stronger in the midst of the war. I don't know anybody that gets hit any more by the enemy to try to weaken the backbone that he carries. I want you to welcome him here in the Carolinas, to give us a charge.

Dutch Sheets: Most of you know I'm recovering from backbone surgery. I'm really technically not supposed to be here. I've not been released to fly, I've been released to drive. So I'm not really fully back in the saddle yet. ...I can't help but think that it must not be an accident that here I am recovering from backbone surgery, and my first stop back is on the Backbone Tour. There's something about that I don't think could be a coincidence. It's great to be here. I am a Carolinian now, and I'm glad to be. And it's always good to be with Chuck.

When Ken contacted me and said do you know any place in the Carolinas to do a gathering on this tour, Anne and Susie were the first people I thought of - I know who can pull this off. So thank you.

We have come a long way, haven't we. And the Lord is healing our nation and the best is yet to come. I have to take it easy so I'm going to try to be somewhat dignified and laid back...

I've been in this season for months now, being overwhelmed with the number of dreams people are sending to me about the nation. They are all good, by the way. They don't all

imply “easy.” And none of them imply the work is done. But they all are good, and are saying we are indeed moving into everything we have been crying out for. We just have to finish well. So I’m going to read several and comment on them over them.

The first one is a dream that goes back to 2017. I was in the height of the Appeal to Heaven revelation, speaking on it around the country. The Lord had really downloaded information to me that went all the way back to our founding. Most of you know the story of the Appeal to Heaven flag that flew over our nation during the Revolutionary War, commissioned by Washington. He was the creator, in essence, of that flag. He flew it over all the battlefields, flew it over the ships. Because he knew - all the Founders knew if God didn’t come through it was laughable that we could win this war with the greatest empire on earth.

I’ve been reading some more history about those times. And one of the things I’ve been struck with as I’ve been reading is that even with more revelation than ever before, how impossible it was for this fledgling group of Colonists to win the war. There were hundreds of opportunities for this thing to fall apart. And yet God just kept supernaturally helping them.

It was because of the Appeal to Heaven. A lot of people don’t realize America was born under a prayer movement - Appeal to Heaven. So the Lord brought that revelation back to the praying church in this nation - how many have heard that revelation? If you haven’t, order that small book I have on Appeal to Heaven, or go to youtube and get the message. But it documents clearly this entire revelation.

But in 2017 a dream was sent to me. And I was wondering what to do with this movement next. Just set it on the shelf for a little while. Haven’t done a lot with it recently. I’ve done a conference or two. But I knew because of this dream I’m about to read, that 2020 was a really important year.

Even though I’ve been busy - Chuck and I have done 2 different speaking tours, gathering the praying church over the last couple years, done a lot of things with others as well; I’ve been averaging 70 cities a year for the last several years. But in my mind I’ve always been looking forward to 2020.

[Dream 1] *Sitting still in the water. Five sails, all of them hanging limp. (So there was no wind and the ship was just sitting still.) The wind came and began to blow, creating a movement. (I think that’s a play on words. Causing the ship to move, but creating a movement.) As the sails filled I could see that they were Appeal to Heaven flags. (Five, grace. The answer to our prayers, our appeals, the wind of the Spirit and the grace of God over our nation.)*

As the sails, the flags filled, I could see at the bottom corner of each flag was the number, the year 2020. And as the ship sailed away I could see the name on the back of it, DSM, (which is what I call Dutch Sheets Ministries.)

So I knew God was talking to me about the movement, and this fresh wind. And I knew there were new assignments coming for 2020.

[Dream 2] This one stirred in me when Chuck started talking to me about Trump. Because you know a lot of people don't like Trump; he's easy not to like. You know, but I think what you have to do as a believer, and as an intercessor, is remember this is not about Trump. As much as I like what he's doing with the courts and what he did with Israel, and God is using him in so many amazing ways, he still does things I don't like. He just does.

But if you just realize he's there, he's one of the most unlikely choices - none of us would have chosen Donald Trump years ago to do what God is doing. I would have chosen a man of humility. I would have chosen a man with a nice oral background. I would have chosen somebody that knew the Bible and theology well, and that just was a wise leader in a biblical sense, in a spiritual sense.

But God knew what we needed. If we can just keep the political thing off us and keep our eyes focused on what God is doing, and don't get caught up in the personality thing and just let God keep using him.

But shortly after 2020 - because we are coming in to now what this dream has instructed me to do. The man says: *I dreamed last night that you and a small group of us were invited to see President Trump in the Oval Office. On arrival after some small talk President Trump, very much in humility, began to thank you for your leadership and for the Appeal to Heaven prayer movement.*

He then presented to you an Appeal to Heaven flag that he had signed - (which to me is not an autograph, it's an endorsement of prayer and the prayer movement. It's the highest office in the land saying this is what we must have, just like Washington said.)

He then requested of you to organize a high level strategic prayer task force. He told you he would be releasing directly to you significant issues for prayer. He also said he received this prophetic instruction from a very trusted voice, his wife Melania. At that time I presented him a gift. (I'm going to skip that part.)

He then asked if he could pray for all of us. (Isn't that interesting?) And in his prayer he said Lord let this man and these leaders convene a holy convocation, that I might finish my eight years well, and the ancient markers of our Founding Fathers be restored. (That holy convocation is going to take place in October in Middletown Ohio...)

He then presented to you a pager and said when you see the number 2222 - (now those of you who don't know much about me - you might not know that is really the number God uses with me. ISA 22:22. He's done that for probably close to 30 years. I'm excited to say on this trip I'm staying in hotel room 2222. I don't know how these ladies pull this off.) He said when you see the number 2222 always answer your phone

even though there will be no caller id. Because I will be sending you specific prayer requests for the nation.

The reason I read that, is because we are in the year when that holy convocation is going to happen. It's not about Trump and it's not about Republicans. It's about the ancient markers.

[Dream / vision 3] Let me read you another dream about 2020. Some of you were at the turnaround gathering in Washington DC a couple years ago and you heard a great dream that ended with an angel announcing that America shall be saved. This vision is given to that same lady.

I suddenly was taken into a vision and saw you climbing a large, thick rope. You were wearing a letterman or varsity jacket, similar to those worn (back in the good 'ole days. And you'd sow your school letter on there.) But this one had a K on it which stood for Kingdom.

And the varsity is significant, because she said the interpretation of that was maturity. This whole thing referred to the prayer movement - what God has done with the Appeal to Heaven army, that there is a mature varsity team now who is able to do what He needs done in this nation.

The rope you were climbing was very long. It had several knots tied in it. I noticed the knots were strategically placed for your climb. For it was at each of these knots where you would begin to look very tired and almost at the point of being unable to continue. But exactly at those points there would be one of these huge knots, giving you a point of rest, a reprieve. There you were able to get a fresh grip on the rope, and the second wind to continue to climb. I noticed that there were numbers on the knots.

This is so fascinating to me because I'm sure she just - I mean she trusts her gift now, but to really have enough confidence to believe that these numbers given were really specifically given by the Lord is pretty amazing to me - because she said on the knots in the vision were numbers, and the numbers were years.

One was 1978, the next was 1985, another was 1995, another was 2004, another 2008, another 2010, then 2016, and then lastly 2019. I don't know the exact significance of these specific years, but whether known or unknown by you, I felt it was at some point during those years that God had done something major and timely in or for you that was for the purpose of strengthening and empowering you to continue the climb.

And I know what every one of those years represents. Chuck interestingly, one of those years is the year we finished the 50 state tour.

But at the top of the rope was a large bell. It looked like the Liberty Bell. Written on the bell was "The United States of America" and "2020" was written beneath those words.

Everybody say it's time. It's time. I've been on this journey for 40 years. Those dates started in 1978, 42 years ago. I sure am glad the top of that rope said 2020, not 2030. Of course, everybody say he's not dying this year - it's not over.

Nearing the top of the rope you made a huge stretch. (That's what we are going to do this year, aren't we?) And with all you had in you, you reached for the string that was attached to the clapper of the bell. And just barely reaching it - (that's kind of the way I feel right now) barely reaching it, you took the string with your fingertips and you rang the bell.

Now keep in mind this is about all of us. Most of the dreams God gives to me or others for me, the "me" is what I represent - it's the prayer movement, the prayer army - it's who we are, the Appeal to Heaven movement. And I know I'm a part of that and a leader in it, but I also know it's not just about me.

Though it seemed like barely rang it, the sound that came out was deafening. I could see sound waves going out from there (she could see them - not just hear them) like ripples of water, when a stone is dropped into a lake. Then it was as if I was zoomed out (and her view widened) just in time to see that the "sound waves" from that ringing bell were swiftly traveling all across the USA and causing a "movement" in the land. Not an earthquake, but a literal, tangible movement.

As this happened I saw people running out of their houses, places of business, stores, mall, high rises, churches, schools, colleges, barns, statehouses. Young and old, rich and poor. They were not focused on each other at all - they were very aware of the movement. They were all looking up to see the sound. They could hear it and they could see it. I then heard a voice from heaven saying, "I've gotten your attention. America, you have been saved by the bell!"

Say it: saved by the bell! Say it! Saved by the bell!

[Dream 4] Here is one about sound - sent 3-4 weeks ago.

In the dream I was sitting in a car between 2 people.

He is a young generation like a 30-ish - and the people on either side were the next older generation. I love the diversity in this dream - generationally, ethically, gift wise - one was a prophet, one was apostle, one was white, one was black. 2 were older, one was younger. So there was a lot of symbolism in the dream. By the way, the movements they represented - because he knew these people - different streams, but all together.

As they were riding, one of the leaders looked across at the others and said to them, "Going forward, in order to be victorious, the Church needs to have the same frequency as the evergreen tree."

A part of the Appeal to Heaven revelation is the evergreen - which goes all the way back to Abraham. And of course it was on the flag, Appeal to Heaven, and it represents covenant. It represents a couple things to me - it represents the fact that God is moving us a nation back into covenant with him.

And that doesn't start with unbelievers. So don't judge it by what you see happening in the world. Judge it by what you see in the ekklesia. And also the moving of the nation back toward our covenantal roots. I thought it was significant that Chuck started talking about the reestablishing of Jerusalem as the Capitol. Because this whole Appeal to Heaven message, and the Appeal to Heaven, and the flag and the evergreen goes all the way back to Abraham Genesis 21:33.

So if we are going to have to have the frequency of the evergreen, to me that's the frequency of covenant. Beyond that - don't have time for teaching on covenant - let's just say there is a sound coming from this movement that is pleasing to heaven. And He is saying to us this *is* the sound that has gotten my attention, and that you must have it if you are going to be victorious in this season.

And then in the dream when this young man, when he hears it he looks down the street and there is a grove of evergreens. And he says I think this is about that revelation God gave Dutch, so I know it is the Appeal to Heaven revelation.

There is a new sound about to be released through the ekklesia. I don't know that it is going to be so much new in the sense of things we have never said or done, I think it's going to be new in the sense of volume. And it's going to be new in the sense of an apostolic-prophetic revelatory voice of the Lord that is about to be released through a church, ekklesia movement, ringing the bell of covenant, because we have recovered our voice. We have recovered our voice!

[Dream 5]

One more dream I feel like gives us a picture of what's coming - this is also from Gina Goldsten - the "Saved by the Bell" vision and "America Shall be Saved" dream. I thank God for these dreamers God has put in my life. This dream came a couple weeks ago.

I dreamed I was on the ground of the Red River Meeting House in Russellville KY.

So the Red River Meeting House is where a move of God took place in the early 1800s. And out from that - let me give you a quick history - not details, but big picture. First Great Awakening 1700s - saved this nation. Birthed this nation. Saved the movement, birthed the nation. Then this revival, Red River Meeting House impacted the nation greatly. And it was a result, probably, of what took place in the First Great Awakening. But out of the Red River Meeting House eventually came the Cane Ridge Revival. And those birthed the Second Great Awakening, which also saved America, in the mid-to late 1800s. Then came Azusa. Then came the Welsh Revival - though it didn't happen in America - it was a result of those - and it's mentioned in the dream - the Welsh Revival in early 1900s, shortly after Azusa.

I dreamed I was on the ground of the Red River Meeting House in Russellville KY. I had gone through the gate, walking up the drive toward the meeting house. In front of me, in the dip as you go toward the building, I saw 100 bald eagles.

It's fascinating - the place we bought in SC is on a lake, and a day or two after this we started noticing an eagle hanging out over our place - just a coincidence, I'm sure.

I was captivated by the sight of all the eagles. Then hearing a noise behind me I turned and saw one of those older well-drilling rigs coming through the gate toward the meeting house. It stopped about half way up the driveway, backed up toward the meeting house, stopped at the walnut trees, then began to drill. No sooner had the bit been set when water began to gush in very high, massive amounts. (That would be the re-drilling of the wells of revival.)

In the dream she had the thought - looks like Old Faithful. I've seen that geyser and it made me think of that, only this one was much, much larger. I was thinking about how Old Faithful is very predicable - (in other words it happens on time, at a pre-determined time, at the right time. It's predictable and gushes forth in a rhythm of time.) I heard an audible voice speaking about this geyser in front of me that was now gushing forth. "It is set on the rhythm of heaven's time clock. It's time." (Everybody say "It's time." Say it again.)

I understood that to mean it has blown before, a gushing move of the Spirit of God, but it's set for another, greater gusher. And it's time. Next I saw two hands come down and clap once. The clap made a very loud sound, and when it came it was a signal to the eagles. When they heard the clap the eagles rose up, and hovered, ready to fly. They weren't scared by the noise of the clap or the rush of gushing waters. They just simultaneously rose and calmly hovered. When they rose up I saw that each eagle had in one of their talons, arrows. And in the other talon they had rolled up paper. When they rose up hovering I then heard the audible voice which said, "rapid eye movement. My seers are on the move." (Rapid eye movement. My seers are on the move.)

As soon as I heard those words the eagles flew off in every direction, each heading purposefully in the direction they were sent to carry out their own assignment. As they left the Red River Meeting House area they each flew through the gushing water, getting the water all over them, and then they carried it. (They were carriers of it because they were flying but drenched with it.) The water never dried off them, and wherever they went the water would fall off them like a rain shower over the dry ground that they flew over.

The water was still gushing - (I wish I could have a dream like this sometime - I'd probably wake up and think I was the greatest prophet in the whole world. At least I get to read it.) I too, was soaked with it.

I went into the meeting house and inside it was like a command center. She said there were 7 drafting tables set up with architects sitting at them, drawing up blueprints, plans. People were coming in, one after the other, stoked in the water from the gusher. Each person would approach one of the architects who was drawing up the blueprints. The architects would tear off the blueprint, roll it up, hand it to the person who had come in. It is hard to explain, but immediately after rolling up one page the architects would very rapidly have another one ready, and they would roll it up and hand it to the next soaked person coming in. (How many soaked people do we have in the room?) I was amazed at the speed that they could work. Draw it, roll it up, hand it off. Draw it, roll it up, hand it off. This was happening over and over, very, very quickly.

Then she saw a system of pipes that pictured to her almost like hi-tech internet speed system that these people would disappear into and they would be sent all over the nation into the north, south, east, west, southwest, southeast, northeast - until all over the nation they went.

Wherever the nation or world they were sent, as soon as they got in the pipes, they instantly arrived at their destinations with the blueprints, the strategies. Somebody said it up here. With the strategies, with the blueprints, soaked with the water that had gotten all over them from the gushing well. And it rained off them everywhere they went, just like it did off the eagles.

Then I heard the same audible voice saying "rapid response teams." Up on the wall was a sign that said "rapid response command center."

Then the dream shifted - suddenly somehow I knew what was happening, the re-digging and all I saw there was also happening at Cane Ridge. (And it was happening again at Azusa -Pentecost, the outpouring of Spirit in CA . They were all being re-dug, water was spewing. This was all happening in all of them.)

I was then lifted up and I saw the drawing of a line connecting Cane Ridge and Red River Meeting House. Then two lines going to Azusa, and together they formed what looked like the head of a spear. Then I saw a line go from that head all the way to Wales. And it formed the shaft of the spear. (Four moves of God, re-gushing, forming a spear.)

I knew that they were all connected, and that what I saw happening at one was happening at all of them. And that all of these past moves of God were now being brought together to spearhead another greater and more powerful move of God in our time.

We are moving into a year that I've been calling "the hinge of history." Everything God has been doing for the last 30, 40 years has been moving us toward this. He doesn't want to do this just because we have asked. We have been inspired to ask because He wants to do it.

And we've been saying it, haven't we? The greatest outpouring in the history of the world, the outpouring of the Holy Spirit, is about to take place. This year is the hinge. We swing into it.

And I feel like it's pretty incredible that we are here now, and God has said "You have your backbone now. You have your voice now. America is going to be saved by the bell. And you've reclaimed your voice."

We have, haven't we? And it's time. All the great moves of God in history are about to come together in one great move of Holy Spirit. He's about to take his spear and deal with his enemies and release this revival.

Lord, I say in the name of Jesus we are here for such a time as this, to announce that that which used to be a dark serpent is now a backbone of strength! And we've had our surgery, and we have been worked on, Lord, and we are now in recovery, and we are moving toward full release! We are going to go all the way to DC, but from there we are going to all the way to the West, and all the way to the South, and all the way to the East, until we have circled this nation with this great outpouring of Holy Spirit. And the wells of revival are being released again! And the eagles are about to be released! And the rain is coming! And the wind is blowing! And the fire is going to burn!

Chuck: I brought a mantle I had done as we crossed into 2020. And it's filled with clocks because the Lord said we have entered His time. [Chuck mantles Dutch. Shatece rings bell.] Ken, you come up. Susie, you and Anne come up. I brought three of these.

It's time. Look at someone and say it's time. When you are at the right time at right place, all of a sudden - heaven and earth meet and we can grab hold of God like never before. [Mantles Ken.]

Father, we say tonight it's your perfect time. Lord, we say these that have paved the way for us to be here, Lord, we honor them. We say there is a new mantle for the Carolinas. [Mantles Anne and Susie.] Lord, we say there is a new mantle for Embassy of Zion.

Father, we say this is the beginning of new types of gatherings. This is the beginning of awakening gatherings! Revival gatherings! Re-alignment gatherings! Father, thank you that this remnant here have connected and caused your voice, and a greater sound from the Carolinas will now go out throughout the entire nation! Let's give a shout up into heaven!

Now I want you to put your hand on someone and decree over them they are in God's perfect moment, the perfect moment of change! Sons and daughters are coming back! The hand of God is beginning to move! The Government of God is rising up! We decree from the Carolinas that the greater sound is now going forth to this land! Give a shout one more time! Let's worship!

You'll look back on this day and it will be the day of change, where things started shifting. You'll see it on that coronavirus. You'll see it in this nation. You'll hear of it, that because they gathered in Charlotte, the Queen City, all of a sudden the Crown of God comes down on this land again!

Now I take the authority of my name Charles Daniel and I'll say the man of God and the godly kingdom people came together in the Carolinas and shifted an entire nation! Let's give a shout!

All Singing: Never Lost a Battle...

Chuck Pierce: Tell 3 people - triumph is in this place tonight!

This nation is reforming. This was the cradle of the formation. We decree now the reforming power of God is being unlocked from the Carolinas!

Father, your Spirit is here. Father, the next move of God is here. Father, your people are here. Father, I decree every sound that has been lost or locked up when it came on the land called the Carolinas will now be unlocked and sweep across this land, North, South, West, and East! Shout it!

All Singing: Never Lost a Battle...

Bell Sounds!

This place has been chosen for the convening voice of our future, in this land, for freedom. Freedom comes from the voice. We say right now the spirit of freedom will now rest on Charlotte, NC! Let us hear that bell again!

Bell Sounds!

Decree it back to every place you are from!

We send you [Ken and Team] to Washington DC!

We say freedom now rests on the Carolinas! No division, no schism!

Now let's thank God one more time for Susie and Anne drawing us together.

Susie Zeigler: We want to bless these men of God who come to minister, and the team who has come to minister to us. You want to give something prophetic, right? But what we really want to give is a blessing. We learned from Chuck that twenty is linked with the hand. So this is the year of the double hand. Double portion. The first thing we want to do is everybody stretch out your hands toward them and the worship team - all these ministers - we want to bless you with the strength of the hand of the Lord on your back everywhere you go, to strengthen your backbone. We decree that over these

leaders but also your Body - that a double portion of your hand is on our backs, on our backs. [Shows the gift, a double hands sculpture.]

Anne Romanello: It's a double portion here in the Carolinas of the roar of His Spirit, and of harvest and evangelism! These hands are like this [cupped open, together lifted up.] We lift our hands like that and say Lord, we choose to be used! I ask you to grab the hand of someone next to you - now it's a double portion - two hands and two hands. So much more we do together! We say to these precious leaders how we love and esteem you, and we join our hands with you, and we bless you, in the name of Jesus!

Chuck Pierce: Put your hand on someone else's back and say we can't back up now. Say double portion strength! No spirit of infirmity!

Dutch Sheets: Let me say one more thing. I gave you a lot of information very quickly, but how many of you remember in the dream about the Red River and the wells and the eagles, and the next great outpouring? What came from heaven and released it all? Two hands that clapped! Now I didn't know 20 was the year of the hand and the double hand, 2020 clapping, but the Lord knew it! I tell you what - He put in their heart to do this at the very end as one more confirmation. We are in the year of the double clap of the Lord over this nation!

Chuck Pierce: Wow! Give a shout!

All Singing: Never Lost a Battle!

All Singing: Exalted Here!
