

Unlocking the Winds of Glory in the Carolinas Transcript 9/5/17

Chuck: Give the Lord a wave offering. Lets thank God for the Carolinas. Lets thank God for Charlotte. It is such an honor for us to be here with you. The Lord always stirred up Zerubbabel and then He stirred up the priesthood and then He stirred up the remnant. Tell someone we are being stirred up in the Carolinas.

I can't think of 2 ladies I love and honor more, Anne and Susie - welcome there here as they welcome you.

Susie: Welcome to the Embassy of Zion. I love this. I'm used to doing this in my living room, not in a theater of 1000 people. When the Lord gave us the name Embassy we found out that's not a building. It's a body of people entrusted with a mission from a sovereign or government. Tonight you are here as an ambassador, and we are all here entrusted with a mission from our Sovereign King Jesus. Welcome! Welcome!

Anne: We do welcome every precious one of you who have come here to honor the Lord. Lord, we honor You now! We say you are our God, and we are your people!

We acknowledge that there are people here who have prayed for the glory to be unlocked for years.

We acknowledge there are surely those from the great cloud of witnesses who are joining in this tonight.

And we welcome the heavenly army, the mighty warriors, the angels of God to help accomplish what God *is* doing tonight.

We decree for the unlocking of winds of Glory tonight!

We say Lord we will hear your Voice! We are listening to the winds of glory that you unlock for harvest strategies! We shall see our harvest! We are harvesters, in Jesus' name!

Chuck: Judah always goes first. Welcome James Vincent, LeAnn Squier, and Shatece and Gerald McLeod. Let's worship the Lord.

Singing: Let It Rise/ Holy Holy Holy: Your praises rise! Your praises rise! Worthy, worthy, worthy are You... There is nobody higher!

Our God is an Awesome God!

Chosen Generation/ I Know Who I Am

Chuck: Turn to someone and say God is doing a new thing in me; he's doing a new thing in this part of America; he's bringing us into who we are for the future. Now give a shout up into heavens.

LeAnn sings: I hear a sound of new mantle falling, sound of demonstration of Kingdom.

Chuck: Say He knows where I am, but I'm going to a new place with Him. Decree this is a time He will unlock a new door and give you access!

LeAnn sings: you are beautiful! Holy! Righteous! Lovely God! Because I know you I know who I am in you.

Chuck: Tell people - you are even going to look better when the wind starts blowing. Now lets welcome the wind of God in through the Carolinas!

LeAnn Sings: Let the wind blow, let the wind blow, let the wind blow... He's making us beautiful. He's beautifying. Let the glory come on the wind, let the glory be revealed by your wind. ... Let the glory come as the wind blows. The wind blew through the trees bringing the sound of victory... Let the wind blow!

You'll subdue ideologies under your wind that blows. And you'll subdue idolatry as your wind blows. Let the wind blow. Bring the glory, reveal the glory as the wind blows.

James sings: Let the voice of the uncommon thing be heard upon the wind. Let the voice of what carries us out of what we know and out from where we've been, out from all we've been be heard upon the wind.

LeAnn sings: Let the wind blow. Let the wind blow. I see fields of wheat blowing low as the wind blows, as the wind blows. Fields of wheat, fields of wheat. I see fields of wheat bowing low as the wind blows, as the wind blows. Let the wind blow. We are saying this to the heavens above. Let the wind blow. We receive the winds of God. Let the wind blow.

Chuck: And I say to you there's a sensitivity that's coming upon these states called the Carolinas. I say they are going to know when the change for this nation fully comes in this hour. I say they are going to perceive the shifting of the government when it finally shifts. For I say from the Carolinas, there will come a ruling voice, that rises up, that influences the direction of the nations of the world. I say to you the Carolinas will be known for shifting this nation into a new flow of My Spirit. I say to you, the Carolinas are becoming sensitive to the change and there are two great battles ahead for this nation, and the Carolinas will be known for changing a course of the way this land goes to war and enters in to triumph.

And I say to you I am breaking down religious structures in these two states and I am realigning the Army of the Hosts above you and I am realigning the Army of God within you. I say to you, I will cause you to know the breakthrough anointing of My Spirit upon these states. It will be known that the Voice of God reigns from these states called Carolina, and set a course for a movement from east to west, saith the Lord.

I will change the voice of the universities of this land. I will bring them before national attention and their voice will sound differently than what they have sounded in the past. I say watch, for My wind will enter everything that says university and college in the Carolinas.

Singing: Let the wind blow, let the wind blow, let the wind blow...

Chuck: And I say to you, the racial squabbles from your past will seem mild to the voice that I give you to direct nations, saith the Lord. I say to you I will heal and make one those that you didn't think could be made one. I will redo structures and organization and realign councils. It will be said, in Carolina, they rose up together and created a move of the Spirit and a school of the Spirit for a whole nation to be schooled in the future.

James sings: Arise upon the breath of the One who lives forever. Arise upon the breath of the One who lives forever... Arise! Arise! We arise upon the breath of the One who lives forever. We arise! We arise!

Chuck: Let the sound of the army be heard. [Shofars and Praise!]

Singing: Wind of heaven, voice of heaven, joy of heaven come upon the earth. Wind of heaven, voice of heaven, joy of heaven come upon the earth.

Chuck: And the voice of harvest will rise in these states. For you will know that you are a part of My redemptive plan for the harvest in this land. So I say, the voice of harvest will rise again, and be heard from these states saying "Here is the strategy of harvest in the nation." I say to you, the voice of harvest will arise.

Singing: A mighty wind is blowing, windows of heaven opening. The sound of change is blowing all across the earth. The praise of God ascending, our prayers are heaven rending, His Kingdom never ending, come upon the earth.

Chuck: And I am in the process of tearing down and reordering. I say, say to My church, it is time to build again. Therefore, I will send My wind of rebuilding through these states, and Carolina will rebuild for the harvest ahead.

Singing: We will not keep silent, we'll make your praise more violent, proclaim the coming of the King. The sound of praise ascending, our prayers are heaven rending. His kingdom never ending, the heavens are open wide. Wind of heaven, sound of heaven, joy of heaven come upon the earth. Song of heaven, joy of heaven, open heaven overtake the earth.

LeAnn sings: You remodel the earth and all that's within it with your wind. You remodel the earth and all that is within it with your wind, with your wind. Your wind changes the shape of things. Your wind changes the shape of things... Your wind. Your wind.

James sings: Your breath brings resurrection. Your breath causes the bones to move again. Your breath causes the dead to rise. Your breath causes what was wilted and leaned over, and what had no hope to rise in strength, to erect itself, and stand at attention, and receive hope again, receive life again, to hear your voice again, to return to the place you have created for it. Your breath. Your wind. Your sound. Your voice. I hear the sound of resurrection in the land. And I see the stones that were

scattered coming together again. For the Voice of the Lord has gone forth. He has spoken. The King's voice of gathering has gone forth. The stones have no choice but to come together again!

Let the sound of resurrection be heard. Let it be heard by the people of God. Let it be heard by those who are trapped in religion. Let it be heard by those who are stuck and could not move. Let the sound of resurrection be heard in the market place. Let the sound of resurrection be heard in the media. In this land let it be heard.

And I see the media beginning to say things that agree with the Voice of God in this land. And it will be heard for truth will reign from this ground. And every lie will be refuted by the sound of resurrection. For no one can refute what was dead and is now alive. No one can refute the bones that were separated and now are together.

The sound of resurrection going forth! X3 We are alive! X2

Chuck: Shout it! We are alive in the Carolinas!

Singing God of Restoration: The Lord will breathe new life into this land, as we worship him and take our righteous stand. And the Lord will rise with healing in His wings. To the God of resurrection we now sing. You are Holy, You are Holy, You are Holy.

Chuck: When we come together like this we want to make a memorial offering of this event. And this will be known as the event that unlocks the winds across the nation. As you get your offering ready we are going to worship with it. We already have heard resurrection in this offering. We have heard the sound of war coming in from heaven in this offering. We have heard the unlocking of the voice of harvest in this offering. Lord, we come and create a memorial tonight, where it is said in heaven a door was formed for the winds to come forth.

Singing God of Restoration: You are the God of Hope, You are the God of Justice, You are the God of healing, the only God who hears. Oh, hallelujah. For the Lord will breathe new life into this land. As we worship Him and take our righteous stand. The Lord will rise with healing in His wings. To the God of restoration we now sing.

Chuck: When you have your offering, wave it before the Lord. This always ends and begins a season. They would have a wave offering, all through the word of God. We are coming to the end and finishing anointing tonight. And God brought us here to bring this thing into place for this nation, that the beginning is starting to stir and blow in. Father we wave this offering to you. You are the God of Hope. You are the God of Justice. You are the God of resurrection power. We honor you tonight here in Charlotte NC.

Singing God of Resurrection

Chuck: Shout Restore!

Singing God of Resurrection

Chuck: Now as you put in your offering you say mighty God, mighty wind, mighty hope, mighty power!

Singing God of Resurrection

Chuck: Let your voice arise. Let the Spirit of God rise through your voice.

LeAnn sings: I see the corporate altar, that we are building here. I see the burning, burning that's changing the atmosphere. I see the flinty rocks stacked on one another, speaking of resolve, resolute in the heavens. We are building an altar here, we are building an altar here, blazing, burning in the atmosphere, we are building an altar here. It's a statement in the heavens. We are building an altar.

Chuck: I don't know what this means because this doesn't happen to me very often. But all of the sudden, I saw the veil that had been over the worship in the Carolinas. And all of the sudden the Lord said I am lifting the veil now. All of a sudden you had the opportunity to move. One of Carolinas' redemptive qualities is taking their stand for freedom. And some way or another you lost that redemptive call in the call of Kingdom expression. And the Lord said I am lifting the veil. You are going to be able to move and have freedom in My Spirit. You are going to be able to see interaction between heaven and earth. I am going to cause you to see me move in these lands.

LeAnn Sings: It will be spoken of far and wide, far and wide, how the fire fell, how the fire fell. It will be spoken of far and wide how the fire fell, how the fire fell. It fell upon this flinty rock, this flinty rock, it fell upon this flinty rock of your resolve, how the fire fell.

Chuck: I say to you, the separation of class and race and gender and religious divisions has caused a veil to come upon you. But I say tonight you have gathered in a way that is causing that veil to lift, on this land. I say now the land will see.

And I will send envoys from China, and they will say, what is this in these lands called Carolina? How did they overcome that which tried to stop them in the past? How did they prosper in the midst of drought? I say to you, envoys are coming. And I say Russia will say, we must be concerned from the voice arising in the Carolinas. And I say to you, I am causing a voice to arise that will send forth the word to change a nation from these lands. I say to you, tonight, I have lifted a veil and things will change with acceleration.

LeAnn: The other night driving - my husband does not like to drive at night, and somehow the Spirit of the Lord came on him and he pressed through. I fell asleep, because I was exhausted. When I woke up and looked at him and we were in the driveway, I saw that something had split and fallen off of him, like a death shroud. It was like a death shroud that had split. It was simply because something in him rose up and determined this is what the course will be. He was literally transfigured. When I woke up I was like, what happened to you? It was a shining, like a glory, like a mantle, like an anointing that was not there. When Chuck said the veil being rent, it was like that - like a shroud being rent and the glory began to come through. It was visible.

Chuck: Put your hand on someone around you, say: It will be visible. The change is upon us. There will be a movement within you. I'm talking about individually. The Spirit is going to move in you in a way like never before.

LeAnn sings: We say visible Change, visible change, visible change will be seen on you, will be seen on you!

Chuck: You will walk into the churches of these two states and you will say "Visible Change!" You will walk into the businesses and say "Visible Change!" You will stand on the universities and say "Visible Change!"

LeAnn sings: It's your glory, Lord. It's your glory, Lord. It's your glory. Visible Change. Visible Change!

I'm hearing the Lord say, the wind has blown the husks away and now what you see is a visible change. It is your glory, it's your glory, it's your glory. The wind has blown the husks away and now what you see is visible change! It's your glory, it's your glory, it's your glory, Lord, it's your glory! It's visible change, visible change!

Chuck: It's here. Shout it one more time!
Thank God Judah led us first!

Chuck speaks:

The Spirit of God is here. Just think about if there was no restraining force of the 3rd part of the Godhead in the earth realm. Tell someone - I'm glad He's in you.

What an honor being here with you. I have waited since last September. We were in a meeting in NJ at Liberty Park. [Welcomes people from SC, NC, and group from NJ] We were in NJ and the Spirit of God fell on us - you would have thought God would have said something about the nations, last September - but He started speaking about the Carolinas. Amazing to see what He longed to do here. It was very detailed in the word what He was saying. By the time they got back riots were starting to break out here in the Carolinas. But I am here to tell you it will be visible, the change in the Spirit realm, that comes into these states.

Let me share a few things with you that will help us get focused for the message tonight, and how the Spirit of God is so moving here to set course of what He is doing.

[Slide] A Wind is Coming. The Winds of the Spirit are Bringing a Performance and a Finishing Anointing. Ez. 37, 1 Kings 19, John 20.

I think that's what I see in Carolina tonight. We are at this place coming into a key moment. Say key moment. I watch how God chooses the place where we are to gather. It is very important to Him where we gather. Faith works in time and in place.

[Materials - recommends war series [Future War of the Church](#), [God's Unfolding Battle Plan](#), and [A Time to Triumph](#). Also [Spiritual Warfare Handbook](#) ... God showed me through 2026. He doesn't do anything without first telling the prophetic realm He has in the earth realm, what He is going to do. Let me suggest you enter in to that.]

These 3 weeks we are in right now is key. They are the 3 key weeks of the transitional shift. This is what God showed me for the Carolinas that will start happening tonight. Here in the Carolinas there will be several things going on.

First of all there is this anointing for timing that is coming upon you.

Second, there are open heavens starting to open. And God brought us here to open these heavens and to co-labor with both the angelic host and the army of God here in the earth in getting this portal unlocked.

Then He said I'm going to send a new wind down from heaven into the Carolinas. That's key for you to understand. All through the word of God prophetically when you see the word wind you have to step back and say God, what are you saying? Because the wind can be from God or it can be adversarial. So, what I see right now over the Carolinas is this major conflict going on over which wind will win. Say the God wind will win.

Then I believe there is a new mantle the Lord is bringing.

[slide] 5777 Year of the Ruling Sword.

Now let me remind you of timing. We are in this time where 7 in the word of God is linked with Zayin - it's a sword coming down. But it's not just a sword, it's a sword with a crown. So I felt as we got closer to the shift of the year we needed to be in the Crown City, we needed to be in the Queen City. Because this year represents new authority that we are living in. You've been going through a lot - great testing in the midst of it. New authority, a new sharpness, a new boldness, new triumph ahead. But it also represents the crown of favor coming down. And it represents where God has determined the crown exists. So it becomes very important that we follow after the Lord, and to come to this city was so key at this moment.

In understanding biblical timing, we start shifting in to new revelation in the 3 weeks ahead but we don't get established in that revelation until April. In the midst of March/April we start getting established as we cross over in it.

So right now we are at a place where the Lord is saying I am looking at this region. I'm looking at the crown that symbols a nation here. I'm looking at how this nation was formed from this region. And I am looking at how you wear your crown in the future. This becomes a very important moment in time.

With that a major shift is occurring. 3 years ahead will be determined by these next three weeks. That's a word for this nation. There is going to be so many things going on in the spirit realm over these next 3 weeks that it will determine these next 3 years. So here we are in the Queen City, the Crown City. And there is something going on.

Here's a prayer during these three weeks that in Hebrew the people of God prayed. When you look at biblical history, they are approaching their sukkah time - their celebration of leaving the wilderness and moving into the future. So they have to build a sukkah representing what they want to look like in the covering ahead. One of the prayers they start praying is out of Psalm 74, and it's about leviathan. You have to understand there are certain places where leviathan has ruled. And anytime it's time for you to cross over into a new season you have to face off leviathan. It happened at the Red Sea - leviathan was separated into pieces. His heads were cut off. He has several heads and creates confusion with his voice from those heads. So he's bringing into this nation and region a clarity of the Voice of God.

Here's the prayer:

May it be Your will, Lord our God, the God of our forefathers, (one of the original states and territories that formed this nation, see, it's amazing) that just as we have dwelled in the sukkah of the past, so may we merit in the coming year that we dwell in the sukkah of leviathan's skin.

Decree everything that tried to take you out in the last season, you are going use it to cover your house in the future. Say there is a new covering and the enemy is going to produce it. Everything the enemy is trying to do in these states, we say it is going to be used as a glory covering over these states. See, it's key.

This year what 7 also means, see it is linked with finishing, so there is this revisitation of promise that is going on. It's not about just new promises coming down yet, it's about God revisiting things He said in the past season so all of a sudden you grab hold of the and say what didn't shine in that season will now shine in this season. So we are in this precarious place.

It's a year we have to see. See, 7 is linked with prosperity for the future. Now you look at the Carolinas - they have a prosperity anointing but they have a poverty war going on. So something has to rule. Say somebody is going to win. Say prosperity is going to win out. Prosperity doesn't mean we are all going to be rich, it means we are going to succeed in what God has asked us to be and do.

But it is linked with gold. So I want you to watch as a sign the next 3 weeks - the gold market. Something will start shifting. And you will know Carolinas caused it. Say you are going to shine like you've never shined before.

Here's one important principle for you. Your wars ahead unlock your provision for the next season. There is going to be a lot of unlocking of provision because God is sending us in, in a new way. He's doing something.

We are seeing in a new way. He's causing us to see. He's causing a veil to be lifted. I don't know that I've ever seen that like - I felt like all of a sudden I was enclosed by a veil as I was trying to lead you - it was right behind us and all of a sudden God just pulled it up. When He did I could see Carolinas.

This is what we are moving toward. We are in these 3 weeks, causing this revelation of the word - the sword represents the word. 70, the season we are in, represents captivity breaking. It represents God watching us.

And all of a sudden we are approaching a new entry way. That's what 8 is about. It was in 2008 God revealed to me the future of what America looked like. It's written in a couple books out there - Apostolic Church Arising, Redeeming the Time, as well as the new book, A Time to Triumph. So now we are coming into the testimony, ten years later, of the opening of the gate of our future, leading us out of captivity. And the Carolinas are a chosen place that God is ready to blow through.

Now here is what has caused this gathering. A major wind. The Bible tells us in the churches - always listen to the wind words God is sending to the church. He's blowing them by His Spirit through the church. Every word - I listen to everything that comes out of the Judah alignment that God gives when we are in a meeting like this. Listen to the wind words that the Spirit is blowing through the church. And this is what he's saying about the Carolinas.

There is a major wind that will blow. And don't get nervous because there is a big hurricane out there. You've had hurricanes before. It's more to it than that.

But a major wind will blow through the Carolinas that will cause an effect on every region of what is called America. I believe you are pressing open that movement of heaven so the wind blows through here. I want us to hear very clearly.

I have watched today, the Lord do something, from the time we got to the airport early this morning. Usually when you travel and you're one of the top travelers of the airlines we travel on, you just are immediately - it's one of the benefits, you're upgraded. But I wasn't even on the upgrade list this morning. It's very unusual. So unusual that I don't even remember that happening.

And so Chad went up to check and they said we don't know why he's not on the list - because they have a certain group that they watch after. And so they had a seat left for me and they put me in that seat, and I said Lord I'm going to watch real carefully what you do with this. Because I feel your Spirit. I feel there is something about today that is so unusual.

And so this lady got on and I was over by the window and I said can I put your bag up for you? And I put her bag up. And she introduced herself and she said where are you from and I said Corinth Texas. And she said, "Do you know anything about those glory people up there?" First words that came out of her mouth.

I said, "I know something about them." [Chuck asked Marty and Anne to stand up] Chuck says, "Do you see what sort of reputation y'all create for us?!"

And then I said, "I am actually part of that group." (I didn't want to say too much right at first because I didn't know where we were going with it.) She said, "Do you know that man named Dutch Sheets?" And I said, "pretty well." Then I introduced myself. She said, "Oh my gosh! I have two friends come from California (her husband was over one of the major companies in Dallas) She said I had 2 friends come from California three years ago, to go to one of your conferences. And they never invited me to go." And I said, "it can get a little wild out there." And she said, "but I want wild!" And then I said, "it's because that Dutch Sheets guy visits out there all the time. She said, "I just finished one of his books on hope." She said it has changed my life. She said, "I am actually on it the second time, reading it."

With that I want you to stand and welcome this incredible gift in the Body of Christ that causes people to talk about us worldwide.

Dutch Sheets speaks

We can go home now. (smile.) I could go right now and be satisfied. I think probably I speak for all of us. I don't know anybody who has more interesting and strange things happen to them than Chuck Pierce. He walks in a different world. And when that prophetic anointing comes on him and his team, it's just amazing. It's almost like sometimes I feel I am drinking out of a fire hydrant, just trying to get it and listen carefully. It's amazing. It has been my incredible pleasure to run with Chuck and his team for many years. So I am going to finish this up for us and he will come up and pray with me. When we do these gathering we don't preach long sermons, we kind of do tag team. He'll come up for 20-30 mins and I'll come up for 20-30 mins and finish it up.

One of the things we've learned to do is to be very careful not to go into any region with a pre-conceived idea of what we are going to do. The Lord made it clear to us way back in '03 and '04 when we were doing that 50 state tour, that when He sends us someplace together we are to go in and release the word of the Lord to that place, that region. So we've been listening.

We've been on a 22 city tour. I had my schedule as full as I wanted it this year. Sometimes when I see caller ID and it's Chuck I think oh Lord what do I have to do now? And the word of the Lord - God said go to 22 cities. I thought when? When could we do that? That's why we are here on a Tuesday night, because we had to start slamming these things in.

I'll have to say these gatherings we have been doing have been on a new level. Even in the 50 state tour when we did this in all the states there was a lot more plowing and laboring intercession. It's almost like in these 22 cities, this included, we are riding some wave of momentum. And really, instead of trying to birth through intercession, we are more able to decree this is what the intercession of the last 25 years has produced.

And don't be alarmed by all the shaking around you because the Lord is not alarmed by that. Sometimes He is behind some of it, Heb 12 tells us. So you just have to keep in

this season focused on the Lord and listen to what He is saying - not the news media and those that are angry. It's ok to be alert to that, because we have to pray and we have to be discerning and listen. At the same time we don't take our direction from that. We listen to what the Lord is saying and we take our direction from that.

And I've never been more convinced we are moving toward a 3rd great awakening in America. And these 22 cities that we have been doing have confirmed that to me over and over again. We just were in Alaska a couple days ago. And same thing up there. Everywhere we go God is saying in different ways, but He is telling us what is coming.

As I have listened tonight just trying to tune in to what I am hearing, the two words that kept coming in worship and prophecy - and Chuck spoke on one of those - the two words I kept hearing, not just in my spirit but from others, that God was emphasizing, are Wind and Voice. And I decided about 30 minutes ago what I was supposed to talk about, for just a few brief minutes is the Voice of the Lord. It didn't surprise me when he got up - because we don't talk about it ahead of time, you do this, I'll do that - it didn't surprise me that he spoke on the wind. And God had already told me you take the voice. So both these things are covered now.

5 things Holy Spirit emphasized to me as I have been listening that have to do with His Voice.

Let me begin this by saying I was sent on a very specific assignment from the Lord at the end of last year. And I knew I had an assignment coming and I knew I didn't know what it was yet, I was trying to hear. I was speaking at a conference for Chuck and I looked at him at one point and a lot of people thought I was trying to be funny - because Chuck and I kid around and we do pick at each other once in a while in a friendly way. But I was desperate to hear from God and I looked at him at one point and said you need to hear a word from God for me - right in the middle of my sermon. Everyone did what you are doing (laughing) except for Chuck. When I said it I saw him flinch. And I knew he got it right then. He ran up at the end of my message and he prophesied to me. And he told everyone - I heard the word of the Lord for this assignment when he said that.

He prophesied that I would take a team to 7 cities in America. He mentioned in the prophecy 6 of them. I knew the what the 7th place was. We were to go retrace 7 places where God had established covenant with America and Him. We were to re-establish covenant with the Lord. We did that. He said God will give you a team and you go to these 7 places. The Lord gave me that team and we went a week later. Put it together fast. He said if you will do this the Lord will reestablish His covenant with America, and the Voice of the Lord will return to the land.

We fulfilled our assignment. The Lord keeps bringing me back to this - that there is a new release of His Voice coming to this nation. That means the prophetic anointing is about to go to an entirely new level. That means it's about to become much more accurate. That means there's another wave of prophetic outpouring, not just prophecy,

but prophetic anointing; prophetic gifting - dreams, visions, revelation from scripture. Anything that has to do with God talking to us, whether through the word, through the prophets, whether it's while you sleep - that's all associated with the Voice of the Lord.

There is a new season we are moving into where the Voice of the Lord is released to us. And when that begins to happen not only does the Voice of the Lord come to the church, the Voice of the Lord comes to the sinner. Because when the Spirit of revelation, when the prophetic anointing, when the Voice of the Lord is released bringing the Spirit of revelation into a place, not only do God's people hear His Voice, but unbelievers begin to hear His Voice.

Like in the Bible when kings that didn't know God - heathen idol-worshiping kings were given divine dreams that shaped history. Revivals of the past - when the Voice of the Lord - when the Spirit of revelation becomes to come in revivals, sinners will drive by churches and come in and say I want to get saved. They just begin to hear God's Voice. They don't know that's what they are hearing, but they are drawn to him, they hear a sound.

So the Voice of the Lord is about to be released and for some reason He really zeroed in on that here. He said here in the Carolinas you are going to hear the Lord's Voice in a new way. He actually implied it, and maybe He said it - that it's going to come here in ways that begin to shake the rest of the nation. And even the way we go to war and the way we harvest! He actually said the next 3 weeks will shift the next 3 years and when it happens you will know it was birthed here, is what he said.

So the Voice of the Lord is about to be released to us. Expect a deluge of dreams to start coming. You dreamers get ready. If you are one who hears the Voice of the Lord in those ways, get ready. Pastors, leaders get ready to start receiving and moving in a new heightened sense of revelation of the word.

5 things we can look for that are associated with the Voice of the Lord.

1 The Voice of the Lord creates. We all know Genesis 1, John 1. It happened in Genesis 1 and is referenced again in John 1 that all things were made by the Word. Heb 1 says it even holds all things together - all creation is held together by His word. The word Asah is associated with creation. It's one of the 2 Hebrew words for create. It means perform, accomplish, do, but it also means create.

It's associated not only with Genesis - He spoke and His words created - but it's associated with us when we release the word or Voice of the Lord into the earth. ISA 55:11 So shall My words be that go forth out of My mouth. And the words going out of His mouth were words He was going to speak through the prophet. They didn't just come out of the clouds. So when the prophet was speaking His words - so shall My words be that go forth out of My mouth - and I'm adding through these prophets, because that's what was happening. They won't return to Me void but they will

accomplish what I please. They will asah. They will create what I want. My words will create.

Jeremiah 1. How can all this happen? You are going to uproot things, tear things up, then build and plant. How is this going to be, and how am I going to be a prophet to a nation as a young man? He said you're going to do it because I said it. What He said was I'll watch over My words to perform them. That's how you are going to do this. Perform is asah, create.

There is a creative force in the word of the Lord. Some of you need to get that out of the recesses of your mind into the forefront of your thinking because God is going to start bringing declarations to you. He's going to start bringing back prophetic words to you. He's going to assign you to go into places, he's going to assign you to go into parts of your house, your kids bedroom. He's going to assign to you pastors, walk through your congregations where they sit and begin to release His words because there is power to create in the words that He gives you to decree. He will create through your decree. You decree a thing, He says, it is established.

There is a creative force that is released when God talks. There is a creative power that has been released in this room tonight because of the word of the Lord that has come forth. And He will watch over those words to perform it. The same words used in Number 23:19 ... Will He not do it? Asah. He will do, perform, accomplish, create His words.

2. He births with His words. When God sent the angel to Mary, said you are going to have a son, the Savior. She was a virgin. She said how can this be? The Spirit of the Lord will come and overshadow you. Two words - Hebrew and Greek - they have to do with the overshadowing, hovering presence of God that comes and gives birth to things. Genesis 1 The Spirit of God "rachaph"-ed. Luke 1 - Spirit of Lord is coming to "efiskiazu" around you. He follows up with a statement that is not translated well in our Bibles - For with God nothing shall be impossible. But the literal translation in Greek of Luke 1:37 For no word spoken by God is without power.

And there the power was in the context of giving birth to Messiah. In Genesis it birthed the planet, it brought forth creation. In fact the very seed of the Lord - NT says when He speaks to us His seed goes in our heart to bring forth fruit, 30, 60, 100 fold. The NT says we are born again of the incorruptible seed, the word of God. In those passages the very word for seed is the greek word sperma. We get the word sperm or spore from it.

He's saying that which happens in the natural when a spore or sperm is planted in the right place, then something is birthed. He's saying that's when I was in the spirit realm with My word. When My word goes into your spirit you become pregnant with My life. Could be a revelation, could be the miracle you need. You can get pregnant with your miracle here tonight. You can take the word of the Lord about breakthrough and new beginnings and creative power, and if you need a miracle you can leave here decreeing

by His stripes I am healed. Write the date in your Bible, as of this date I am healed. And the word of the Lord will start growing in you until your miracle is birthed. Because no word spoken by God is without power in its reproductive ability.

The last thing the devil wants you to do is start speaking the word. If it's powerful enough that the Lord himself, rather than arguing with the devil when He was tempted, chose to just speak the word, then you know it must be pretty powerful. He just said it is written it is written, it is written.

Just say it is written over in Korea. Just say what God says, not what Un says.

Chuck: The Lord just said I brought you to the Carolinas to tell that Korean thing to shift. He said it will shift from the Carolinas. We say tonight the course of that madness shifts tonight and starts shifting. And the Lord said Because you have had this meeting you will see the course of that madness start to shift from the Carolinas!

Dutch: That's big stuff. Sometimes you get in meetings and the prophetic anointing of the Lord is just hovering in the place. It's just here. The prophets are hearing and decreeing. I'm saying things I don't plan to say and he gets up and does his thing. It isn't time for a WW3. There's a big harvest coming to Asia.

3. The Voice of the Lord resurrects. They kept singing from Ezek 37 - the dry bones coming together and the army that results. The Voice of the Lord is just so filled with life that it resurrects and brings life where there is death.

Jesus said My words are spirit and life. John 6:63. He said the words that I say to you are spirit and life.

My spirit leaped earlier when Chuck prophesied something about anything in these states, in the Carolinas, that is called a university or a college is about to be visited with the Wind of the Spirit. We are about to see one of the most dramatic - not just in Carolinas but he's highlighting you right now - we are about to see one of the most dramatic outpourings of Holy Spirit on a generation that planet earth has ever seen coming to the young people in this nation and other nations. There is a wind of God coming to the Colleges, Universities, High Schools, Jr High Schools, grammar schools in America, and God is about to pour His Spirit out and let His wind blow on a young generation that is about to be revived and resurrected.

Probably the most dramatic visions I've ever had was the week of 9/11 2001 in Boise Idaho. I couldn't get there for 3-4 days because the airlines shut down. When I did fly there I got up to speak to a conference of about 1500 people. Lord, what are we going to do here - talk about the elephant in the room - you are not going to get in here and act like everything is fine and preach some sermon. Nobody is thinking about anything else. There is still a cloud over the nation, they are still counting bodies and trying to look for survivors. The whole thing was just surreal.

I tried to speak and at about ten minutes into my message the finger of God started writing on the back wall of that room. It became a neon light on the back wall that said Acts 3:19. Times of refreshing. When there is repentance, times of refreshing come from the Lord.

I said to myself, well I know what to do. As soon as I finish this point I'm going to Acts 3:19. The light started flashing at me. The interpretation was I don't want you to finish your point. It's real encouraging when the Lord lets you know, I'm not in to what you are saying right now. You need to leave that alone and do this. I preached for 10-15 minutes from that verse of scripture. And then I started having an open vision that lasted about 30 minutes and I just narrated what I was seeing. It was like being in a movie theater, watching this thing.

The entire vision was about the revival that is coming to the college and universities of America. The fire of God that is coming, the life of God - you need to know I'm not exaggerating. What He showed me happening in that vision was completely out of control. Completely out of control. Nobody could control it. Nobody could stop it - the university leaders, administrators, professors, no demons could stop it. No religious spirit could stop it. Nothing could stop it. It was out of control.

And it was Holy Spirit lead. It was not programmed. I'm not against programmed. It was not some organized thing. This was just a wild fire controlled by Holy Spirit. And He was working miracles, leading people to Jesus, mass deliverance was taking place on campus. Classes were cancelled. Sporting events were cancelled. Not that those things are bad. It's just that God interrupted everything! It was a holy interruption.

That's what the Voice of the Lord does. So don't you ever go by another college or university in America without prophesying to it that the voice of awakening, the fire of God, and the life of God, and the supernatural of God, and the breath of God is coming to this place. Because the Voice of the Lord resurrects.

Paradigms are going to change over night. The instructors and professors are going to get in on it. Atheists one day; in love with Jesus the next. Don't think I'm trying to hype you. I saw it. I turned to the leaders at one point in the vision and they didn't know what to think. I looked at them and said this is going to be really hard to steward. The reason I said it was that this was so intense and big, and they were so out of any religious box. They were raw. They didn't know anything about religion. They just all of a sudden had been visited by God. They did not want our religious structure and our methods and our boxes we have Him in. They just wanted to go after God with a whole lot of passion and fire and intimacy. And it was out of control. The Voice of the Lord resurrects.

4. The Voice of the Lord brings direction and revelation. Get ready for such a level of the Voice of the Lord being released that these kind of meetings become common. And you are going to get in meetings where the Voice of the Lord begins to flow and the hardest call to make in the entire meeting is when do we transition this thing or stop it.

And direction will come for people - individuals; organizations - congregations; regions like tonight; and nations. The Voice of the Lord is even going to speak and bring direction where He is not allowed to do it, like government buildings and schools, and some religious groups that teach that He doesn't talk any more. And some of the people teaching that now are going to be prophesying a year from now. I will say that again because I know that's a "thus saith the Lord." There are people teaching today that God doesn't talk anymore that a year from now will be standing in front of people like this prophesying and giving words of knowledge and working signs, wonders, miracles. Their entire life is about to go through a radical shift because they will get introduced to the Voice of the Lord!

And direction is coming. You will hear that Voice behind you saying this is the way, walk in it. Leaders in ministries are going to have supernatural leadership from Holy Spirit like Paul in Acts 16. They will say we are going to go over here, and they will have a check from HS - don't do that. We are going to go here - don't do that. We are going to launch this program - don't do that. We are going to do this in our city - don't do that. Well, what are we doing? A dream is going to come to you - someone will say come over here in this neighborhood, we need you now. Or start emphasizing this in this house or ministry - we need this now. Or get this ready, because this is coming. Supernatural leadership and direction and revelation is coming to the church. There's no other way to lead an outpouring of the Holy Spirit.

And there is no other way to lead a nation in the context of that which we are about to face, because crazy people in the world - some of them are going to stay crazy. And we are going to have to have leaders who are anointed by HS and hear from God and know what to do and how to do it, and what not to do.

And the liberals don't like what I'm about to say. And I know there are some people that don't like President Trump, and he wasn't my first choice, but once we have a president we are supposed to pray that God uses that president. I don't want to be dishonest - he wasn't my first choice during the primaries; he was my first choice during the election. I'm not trying to be political, I just don't want to be dishonest - I felt for the courts and babies alone I needed to go the way I went.

My point is we need to pray for this man and his cabinet. Here's what I was leading up to that the liberals don't like. There are more professing evangelical Christians on staff and in leadership in that cabinet right now than in any other administration in history. It is estimated - these are secular people that don't like it that are saying this, not people like me that are just trying to hype you - they estimate 75% of his staff and cabinet are born-again evangelical Christians.

That gives me hope that even when he says something - can we just be nice, that's not all that wise, maybe [makes texting gestures.] That God still has people around him that are praying and can lead and can speak. And I believe there is more and more wisdom going to be released to our government officials and state governments and in local government and in our national government and in courtrooms. We are going to have to

keep praying that this thing shifts so our leaders can get direction from heaven even when they don't know they are getting direction from heaven.

The Voice of the Lord. He said if you will do this - go on this tour and go re-establish covenant with me, My Voice will return to this land. So here's what I'm praying and what I'm believing. I believe that we will get to the point where there is an open heaven over the White House. And people come in and stumble their way through cabinet meetings and finally say I don't know how to say this, other than just say it, because I know it's kind of different, but I had a dream last night we need to talk about. Would that be all right with you?

As though God would not want to speak to the American government, the most powerful agency/ organization in the world. As though God would not want to influence them. We are to pray that He does. And then we should believe He will answer our prayer, and start decreeing over our government that there is an open heaven and the Voice of the Lord is returning to the government of America.

5. The Voice of the Lord judges His enemies. The Sword of the Spirit which is the Word of God. Eph 6:17. And Rev. 1:16 and 2:16 both reference the sword of the Lord, His Voice, His word. The same Voice that brings life brings death. We are not to move into a presumptive mindset and think we have the right to start cursing people and take on His role. In fact we should always be asking God for mercy and grace and pour your Spirit out, change this person.

But there does come a time - and especially when we are dealing with the spirit realm - which is what Ephesians 6 is all about - principalities and powers, rulers over darkness in this world, wicked spirits in high places - when you are dealing with spiritual forces it is the word of the Lord - you take your Bible and open up to a passage that relates to that situation and you begin to decree the word of the Lord over that situation, and it becomes the sword of the Lord, according to Eph 6.

So I find myself responding to the news about Korea, for example. This is what the Lord has shown me, this is the harvest He has shown me. This is the wind He showed me when I was over there in June in South Korea and went to the DMZ to prophesy the word of the Lord - but He showed us in that conference - Chuck and Cindy were there, several others - we saw the Korean peninsula as a wind tunnel. The Spirit of God was blowing up through that peninsula into Asia. And all of Asia was impacted.

Let me tell you what's going to happen in Asia. There is not going to be the third world war right now, there is going to be the third great awakening right now. There is going to be the greatest outpouring of HS and the greatest influx of souls in that part of the world, all the way over into the middle east. The greatest harvest in the history of planet earth is about to take place in Asia and the middle east!

There may be some shaking - I don't know all the details, but I will tell you this. There is not going to be something happen that's strong enough to distract or disrupt what God's

going to do. He's going to blow with His Spirit through there and bring down the strong man. He is going to bring a season of enough peace to shake that part of the world with the gospel of Jesus Christ like it's never been shaken before and you will see at least a billion souls saved.

He is not finished with China, Indonesia, Thailand, Singapore, Mongolia, the Philippines and Japan, and North Korea. There is such a big harvest about to take place there. God is going to bring judgment to the powers that resist him and he's going to bring freedom to millions of people, spiritually speaking. And that includes the muslim world.

If you are really hearing from God you don't have hatred to the muslim world; you love the muslim world. I don't have hatred for islamic people; I love them. I'm praying for harvest. I'm sowing my books over there, prophesying, sending the word of the Lord over there, sending people over there, putting my money and my finances into it. They are not my enemy. I mean some of them, the radical terrorists - you know they are our enemies, we have to deal with them. I'm talking about in general. The Lord loves those people and wants to pour His Spirit out on them in amazing ways.

So I want to wrap this up, Chuck. We are going to release the Voice of the Lord to create, to birth, to resurrect, to bring direction, and to judge His enemies.

Chuck: You heard something through tonight. There was something when he said that about Korea being the wind tunnel - God brought us here to unlock the movement from the Carolinas that will even create the wind tunnel through Korea. I'm telling you, you will know from this day forward that something from the Carolinas created a wind movement that moved all the way through the Korean peninsula.

The Spirit of God is on this place. All through the universities where it could not be stopped. I don't know of a place I've ever said that for a territory or seen it, I saw it on Rutgers when we met there. But I saw it in the Carolinas - it's an explosion on the universities that is known about. It can't be stopped.

See there is a wind coming through here. There is an explosion of a prophetic mantle on you. The Carolinas were meant to be prophetic when you look at their history. They were called to be prophetic. Even part of the VA commonwealth, they broke out. I feel like God singled them out as a prophetic avenue.

Now Father we loose this anointing that's here tonight. You gathered us here, you moved us here. Lord, we send it out from here. Put your hand on someone near you and stir up that prophetic anointing in them. Lord, we send it out everywhere we walk from this place, every place we go from this place.

Dutch: Wind of God, blow upon these people now. Send them as Spirit wind driven people. Led by the Spirit, the wind. Filled with the Spirit, the wind. Wind driven, wind led, Spirit led people. We send them filled with your Spirit, your breath, your wind.

Chuck: Tell somebody next to you, You are becoming a wind generator. Now start generating the wind.

Dutch: Out of your belly, out of spirit, out of your spirit. Wind generator. Wind, Wind, Voice, Voice, Wind of God, Voice of God. To create, to birth. Birthing the wind.

Chuck: There's something about the class structure - probably because of your royal beginnings. There is something about the class structure that is over this particular territory, called the Carolinas, that God is getting ready to obliterate. There is going to be a realignment of His kingdom people and class is not going to stop the realignment. It's not just racial issues in what's called the Carolinas; it's a class structure. The Lord says I'm going to realign My kingdom people within the Carolinas.

Dutch: We say the wind of your Spirit and the Voice of your Spirit is coming to bring that realigning. We say that every weapon formed against this is now being dealt with by the Voice of the Lord and the Wind of God. And century old structures will now be dismantled by the Spirit of God in this nation. And the Carolinas will model a new beginning for this land of racial healing.

Chuck: And out of the Carolinas you probably have the most influential voice of harvest that has come through Billy Graham and what has come from here. But God says I am ready to take that and move it into its next mantle. Move it out into - that's what is going to spread through the universities. It's going to do something. There are prophetic words linked with the native communities and the first peoples and the universities. God said there is so much prophetic word over the Carolinas that has never been poured out, I've got to send a wind to dump the bowls that are over you.

Dutch: Lord, we call forth the anointing in those prophetic words, the destiny, the purpose, the gospel. All that has gone forth over this region - We say this is the season of fulfillment and now it goes to another level. It goes to the double portion mantle of anointing of harvest and evangelism from this place to the ends of the earth.

Chuck: Some of the most resistant structures to the wind of the Spirit have come up in the Carolinas. The Lord says He is ready to blow that over.

Dutch: Lord we say you are judging those forces that have withstood you. You are judging those spirits and you are judging those systems that have worked against you in order to free people. We are not speaking against people; we are speaking against the powers of darkness and that which they have created. We say that your word is now bringing judgment against that which has held back this wind, and it will hold back the wind no longer because the Voice of the Lord is releasing the wind of God into the wilderness places.

Lord we say that that wind will be like the wind that came in Ezekiel 37 from the four corners of north, south, east, and west until it became a vortex, a tornadic wind of heaven, that began to breathe upon dry bones and cause them to come together, and

fill them with life, and become an army. And I prophesy over this region now that the four winds of God are coming to the Carolinas! Yeah! Yeah! Yeah!

Chuck: University and college tornadic activity. We loose it right now. There is going to be such movement that it can't be stopped.

I hear the Lord say something else; you try to bring order before the wind settles. Back off from your last order and let me blow. Then let the order be established. Just say out loud let the wind blow. Let the wind blow.

Now Susie you and Anne come up. This is for all of us; we will use them as our touchpoint. The Lord says you have to have this new mantle that I have sent you for such a time as this. [Chuck and Dutch put mantel over Anne and Susie.] This mantle was made and given to us - it has lions on both sides. When I was praying over this, this week and last week, the Lord said that's for both Carolinas. The roar of My Spirit is coming through, the roar is coming through the Carolinas. The Lord said this will be sent, it will be released in both states. It will be released on campuses. It will be sent in to organizations. The Lord said the double portion roar of my spiritual force is over the Carolinas this hour. Shout! Let that roar rise!

Anne sings: Double portion! We choose to be used! For all of us! Sing with me. We choose to be used, we choose to be used, we choose to be used! We choose to be used!

Susie: We have a double portion gift for you too, as well. Anne and I both sought the Lord on behalf of all of us, on behalf of Embassy of Zion, but on behalf of all of us here. What's a gift we could present to you. We feel so blessed that at the crowning point of the year of the crown this is where you are.

Gift number one - what I heard from the Lord - it's a crown catch all. What I noticed in scripture when I looked up crown caught me off guard. There are 2 places where Paul talks to the ones he is writing to - you are my crown. So I want to say on behalf of all of us who have been so blessed and touched by your ministry - we are your crown. Both of you. And it's a catch-all. I declare and decree over both of you that at the Lord's bidding, everywhere you cast your net you will catch all. Now the double portion comes here. That is Anne and I both sought the Lord for a gift. And Ane got something completely different.

Anne: On behalf of all of us. Are you flying high right now moving up in the heavenlies? Chuck and Dutch may remember this - Unlocking the Winds of Glory - with the symbol of this next gift.

For Chuck first it represents the manifold wisdom of God that is being made in the heavenly places to the powers and principalities. These colors remind us off the manifold wisdom of God. Also the colors of the nations - Chuck is an apostle to the nations. It's also multi-dimensional. Do you notice - he often uses this slide of the portal over us in the heavenlies where the revelation can come down. This is just like

that. This is a workable flying kite. It's also kite art. What a great combination to give to the apostle who is so dear to us, our Apostle Chuck Pierce.

Susie: We have a special kite also for you, Dutch. We'll present it this way. [Lights dim and kite descends from above stage - huge, stars and stripes.] There's a lot of wind out there in Colorado and we figured you could fly that somehow.

Chuck: We'll fly this, You'll see this on a video from the prayer garden. And we'll declare that the Carolinas are moving under a new mantle of the manifold wisdom of God. And that eagle - I can't think of a better kite that represents Dutch Sheets. Let's thank God for these gifts.

Now let them send us out with a sound. This is a year we are coming in with a sword, but the sound - it's a year of a new sound coming forth. So look and listen carefully for this sound.

LeAnn: Seeing that kite and seeing Dutch I was inspired to sing this part. America! America! God shed His grace on thee! And crown thy good with brotherhood from sea to shining sea!

Sings: We all out to dry bones come alive!
