

A Time to Plow in the Carolinas 3/11/19 Dutch Sheets and Chuck Pierce in Columbia SC

We highly recommend you watch the replays, available at embassyofzion.org, in addition to using the transcript, to watch over these words well. ~ Anne and Susie

12:30 Breakthrough Intercession

Susie Zeigler: Come in and take a seat. Forget the former things. Leave the past behind. It's a new day. The Lord says behold, I'm doing a new thing in the Carolinas! Come be part of that! Come ready to enter in! We have never been this way before.

We are thanking the Lord that we have the Glory of Zion team here with us. We are thanking the Lord that we have Anne Tate and Marty Cassady who will be leading us in intercession. And we have James Vincent, LeAnn Squier, Gerald and Shatece McLeod, and our Embassy of Zion worship team, but *we are all* the worship team. We are in this together, and today is a new day!

Singing: We say to the gates of our hearts, open wide! We say to the gates of our minds, open wide! We say to the gates of this atmosphere, open wide! We say to the gates of this land, open wide! Let those gates swing wide for the King of Glory! Let those gates swing wide for the Sovereign Lord! Let those gates swing wide for the Reigning King! Worship His Holy Name!

Bless the Lord Oh My Soul...

Let the gates swing wide for the King! Let the gates swing wide for the King! Let the gates swing wide for the King of Glory!

Bless the Lord Oh My Soul...

Marty Cassady: We have come together like never before. We are worshipping Him like never before. This is a day like never ever before! Don't you know that each one of you have been ordained from the very foundation of the earth to be here and take part in this day?! This is not like any other day! If you have come in with cares and burdens, shake them off right now. Because we are here to do some business in the Carolinas! Shake it off!

I was looking at the title of this gathering and the Lord said we've got to go high to plow deep! I'm going to read this and we are going to continue to worship and corporately agree that whether we say a word or not, we are agreeing this atmosphere over the Carolinas is being turned! And it's going to go out across the nation!

*ISA 2 (Message) The Message Isaiah got regarding Judah and Jerusalem:
There's a day coming when the mountain of God's House
Will be The Mountain - solid, towering over all mountains.
All nations will river toward it, people from all over set out for it.
They'll say, "Come, let's climb God's Mountain,*

Come on, let's climb God's mountain! Because we are not going to effect a change if we stay on earth!

*And we are going to go to the House of the God of Jacob.
He'll show us the way He works, so we can live the way we're made."*

You are made, you are so uniquely fashioned together, He's going to show us what we can do, and show us how we are made.

*Zion's the source of the revelation. God's Message comes from Jerusalem.
He'll settle things fairly between nations. He'll make things right between many peoples.*

If you have got aught with somebody right now, get rid of it, because we are here to do some business, and there ain't no room for that. If you have come here with an offense, shake it off!

*They'll turn their swords into shovels, their spears into hoes.
No more will nation fight nation; they won't play war anymore.
Come, family of Jacob, let's live in the light of God!*

Singing: Victor's Crown - Every High Thing Must Come Down!

We want to live in the light of your presence, on your mountain, oh God. Where You make peace among the nations, in the light of your presence.

Anne Tate: When these Carolinas were formed, when the settlers came in here to settle Carolina, they said a lot about what they wanted. They came here because they had been persecuted in other places. And they talked about what they wanted. They made covenant with God for what they wanted. And now it's time for us to find a new pace in that covenant, in that alignment with the Lord! It's a new day! It's time for a new place! And we are going to surge past the old place!

He'll bring around what hasn't been fulfilled yet and press out a new thing. We don't have to keep up with it in our head or worry about it. We have to align ourselves with Zion. And your gifts to be formed and released in this new era that we are in.

It is a lie of the enemy that keeps you holding on to tradition instead of pulling yourself toward the new thing that He has for us and the new openings He's making!

Marty Cassady: And we haven't seen what He wants to do, but if you are holding on to that old tradition shake it off as well. Shake it off! Because sometimes we don't even know we are holding on to something. He says I'm doing all things new!

Anne Tate: In that old paradigm they wouldn't let women speak, they didn't want prophets to prophesy. They didn't want a new way to come! They wanted control. That's witchcraft. So today we say shake that off!

Marty Cassady: And you need to turn around right where you are. We need a turn around!

I just said to Anne, I'm getting delivered. Are you getting delivered?!

Anne Tate: When the settlers first came here they didn't have Holy Spirit. We know God led them and directed them, but they didn't have the Holy Spirit to work it out. So this is a season where the Spirit is going to lead. It's not going to follow us, it's going to lead us!

Marty Cassady: We are going to come in agreement right now as a unified Body of Christ that everything the Lord wants to accomplish through Chuck Pierce and Dutch Sheets will be accomplished. We decree it and we will see it, in the name of Jesus!

Singing: We're gonna drink the new wine covenant with you, God! We're gonna break off old covenants. We will feast on your victory! We will feast on your victory! We wait on the presence of the Lord. For you said you would come and lead us. We won't be leading you Lord, no. We'll be following you like we never have before. We want more of your leadership. We want more of your leadership. We want to follow, follow, follow you. So come, and lead, and take your place as we ascend into the higher realms. We want to see you, we want your Kingdom to come. We want to follow. We want your Kingdom to come, oh God.

Anne Tate: And you know, sometimes the covenants we have had have been more with men than with God. So Lord, today we want to recognize that that has been our tendency. And we break the power of that in ourselves. We repent today, and we ask you Lord, to show us the path to a greater covenant with you. Open the way before us. As you throw open the doors that James was talking about for the King of Glory to come in. Lord, let this make more room for you, as we open up. We open the gates from where we have kept the floods at bay in the past. And we welcome whatever you have that you are sending in to us, but we will not align with the traditions of men, or the covenants with men. We will align ourselves with the covenant of God. As a result of that we will come into fellowship and communion and alignment with each other, Lord, in the name of Jesus.

Singing: So we will pay attention to you and to your voice, Lord. We will pay attention to you, and to the sound of your voice, Lord. We will pay attention to you, our eyes will be upon you, watching what you say and what you do as we go. Not one moment separated, but always with you. Listening so carefully for what you will say, what you will do. Our eyes are on you, our focus is on you. You are the center of all we are, of all that we ever could do, Lord.

So bring your Kingdom in our midst, oh God. As we bow down with elders and angels, God. It's what we do. It's how we live this life! It's how we live this life in you, Oh God! Be the center! Be the One, be the One, be the One! Be the center! Be the One, be the One, be the One! You're the center! You're the One! You're the only One! The only One!

Marty Cassady: *PS 133 says how good and pleasant it is when brothers dwell together in unity.* That's what we are doing here now. But you need to understand what the root word meaning of dwell is. It's a warfare term. Look it up. It means to sit down in ambush. And we are a war council today. How good and how pleasant when we come together to see the Carolinas hear the wind of God and move forward to loose a sound all over this nation! We need you Carolinas! You need to understand you are part of a war unit today and this evening! It is not business as usual. We are sitting down in ambush and we are saying to the enemy - we are giving you notice over the Carolinas! You get out in the mighty name of Jesus! And we apply the blood of Jesus over every one of us! Our ministries, our families, our businesses. And we say God have your way!

Singing: Yahweh! We declare your Holy Name! For you are God above all! And nothing can stand against you. Nothing can rise against you, and stand before your holiness. And every mountain that rises to fight you, to withstand you, to curse you, to spite you will fall. Fall down. Yahweh! Yahweh is holy! Yahweh is holy! You make rain to fall upon the dry land. You call the storms by your mighty hand. You call life from the ground that's weary. Your voice is so sweet. You raise up again the fallen soldiers. You bring to life again a land that's been cursed. Your eye is upon those you've called by your name, for your purpose never changes, your will never dies.

And only one word comes to mind, there's only one word to describe. Holy! ...

There's no one greater, no one more powerful. You're the center of our warfare, the center of our declarations. You cause us to stand oh God, when our eyes are on you. Holy is the Lord God Almighty! You are God my strength! You are God my vision! You are God all powerful! You are Mighty!

This is an hour to do your business at the throne of God. Not going to lesser authorities until you have a word of fire in your mouth. But going to the throne of God and receiving the coal on your lips. Oh there's fire to be found up on high at the throne of God!

We're going higher to plow down deeper! We're going higher to plow down deeper!
We're going higher to plow down deeper!

So we let the angel touch our lips with the fiery coal, and we go when you say go! We come up to the throne of the higher place with angels and elders and creatures bowing down, until we have your word. And a fiery coal on our lips. There's a fiery coal on our lips. And not one word will fall to the ground.

Marty Cassady: I hear the Lord say that some of you in this room today - you've experienced great worship and you've gone to high places. But the Lord says he's created an atmosphere today that you are going to go even higher than you've gone before. This is my word to you. You need to reach up, grab hold, and move into the higher places with me, says the Lord. You are not going out of here the same way you came in!

Anne Tate: And then if you can't take the coal upon your lips to let your conversations be on the altar of God all day today, do not say something that you know is a wrong spirit - because if you can't take that fiery coal, then how are you going to speak a word of fire? That's our natural state. That fiery coal upon our lips is our natural state. It is a circumcision of the mouth he is doing today in the Carolinas.

I hear the sound of the approaching King.

Singing: You are the Breaker, we get behind you! You are the Breaker, we get behind you! You are the Breaker, we get behind you! You are the Breaker, we get behind you! You are the Breaker, we get behind you! You are the Breaker, we get behind you!

Every mountain will fall down, every gate will fall down, every enemy falls down! You are the Breaker, we get behind you! You are the Breaker, we get behind you! You are the Breaker, we get behind you! You are the Breaker, we get behind you! You are the Breaker, we get behind you!
And we proceed with songs of praise! Yeah we proceed with songs of praise!
Holy Holy is the Lord Almighty! Holy Holy is the Lord Almighty!
Mighty Mighty is the Lord Almighty! Mighty Mighty is the Lord Almighty!
Undefeated is the Lord Almighty! Undefeated is the Lord Almighty!
You are the Breaker, we get behind you! You are the Breaker, we get behind you!
You are the Breaker, we get behind you! You are the Breaker, we get behind you!

Anne Tate: Loose your shout before the Lord!

Anne Romanello: We're moving! We're behind the Breaker! Don't just observe this! Get in it! Don't just observe this! Get in it! Move with the Breaker!

Singing: On earth as it is in heaven! You are the Breaker, we get behind you! You are the Breaker, we get behind you!

Anthony Bell: When Anne got up right now and said it's time to move - a while back when talking about plowing, Glory of Zion showed a video about a train moving at a massive speed, and there was a huge snow block. And what you saw, as soon as that train hit that block, you saw it break! It's time to get on the train! We are moving right now! It's time to get on the train and plow through! It's time to plow through! Get on the train!

Singing: Do what you have to do, plow through! Do what you have to do, plow through! Take your sword and stick it in the ground. Now it's a plow, now it's a plow!

Woman: Have you seen the videos of the huge icebreakers that go in where nothing can go, nothing can move, it's frozen solid? I was seeing the biggest icebreaker ever going into thick ice where nothing could move, and it was busting it up, leaving a clear path behind it.

Anne Tate: So Lord we are calling the frozen chosen, and say we are coming through!
Now keep yourself in this place today, all day. Keep yourself in this place. Maintain your
position in the Lord.

Singing: Holy, Holy is the Lord Almighty! Holy, Holy is the Lord Almighty!
Undeclared is the Lord Almighty! Undeclared is the Lord Almighty!
Holy, Holy is the Lord Almighty! Holy, Holy is the Lord Almighty!
May the fire on my altar never burn out, make me a house of prayer.
Lord, make me a house of prayer.

Anne Tate: Lord we ask you to make the Carolinas a house of prayer.

Singing: Ever burning, ever burning, ever burning!
Make us a plow of prayer. Ever burning. Make us like a plow of prayer. Ever burning.
I see your burning in the darkest of night. I see your fire in the darkest of night. Fires of
prayer ever burning, ever burning on the mountain side. I see your fire in the darkest of
night. I see your fire in the darkest of night. It's ever burning on the mountain side.

I want to say, Carolinas, you're making the difference in the earth. I want to say we see
your light, we see your fire burning in the darkest night. You're burning. You're burning
in the darkest night, giving light to us all. So we say to you, let the fire on your altar
never burn out. Let the fire on your altar never burn out. The fire on your altar never
burn out! Oh, be a house of prayer! Carolinas, you're a house of prayer!

Anne Romanello: This morning in my Bible study I looked in the scripture for what
does God love? What does the scripture say that God loves? One of the things God
loves is his sanctuary.

House of prayer: God loves his sanctuary! He loves that we have assembled today in
this place to make a place for him, a large place, and then fill it with his glorious praise!

Thank you Lord. Right now Lord, we say let that love be appropriated. We were not a
people but now we are the people of God. Let every heart receive your love. Let every
heart move in your love today, Lord.

On, beyond here today, be sent in the love of God, in Jesus' name!

Singing: So Lord break through in power, raise the dead to life. The earth will see, the Carolinas will see the glory of your Name. With signs and wonders we glorify the Lord. Hover, hover, hover! And it's only your glory that's hovering, that's changing. Yes, it's your glory causing all the dead things to bloom again. It's your glory raising to life! Your glory hovers! Your glory reigns! Your glory covers! Revives us again!

And draws me to a brand new place of worship, place of seeing you. And we will see and we will know the voice of God. We'll understand the One who comes in the Name of the Lord! And we'll see your glory hovers! Your glory reigns! Your glory covers! Revives us again!

We will see the One who comes in the name of the Lord! And we'll sing Hosannah! Hosannah! Hosannah! Blessed are You!

Break through in power, raise the dead to life! The earth will see the glory of your Name! With signs and wonders we glorify the Lord! Hover, hover, hover!

Chuck: Now extend your hands. I believe what we are being led into right now by this worship group is exactly why the Lord brought us to Columbia.

Father, we thank you that your glory is hovering over Columbia SC. Father, we thank you that your glory is resting on this place that you named for a time such as this. Father, we thank you for how you are going to break through into a whole new place in the America. Lord, because of this meeting here. Father, we thank you for the remnant. We thank you for each one here, and we thank you, Lord, you are bringing us into this new day that you've called us into, in Yeshua's name. Amen.

Now greet 3 or 4 people around you, tell them the glory is hovering.

2:00 Session

*The first several minutes of this session were not on the recording. This included an introduction of Apostle Chuck Pierce, with whom Embassy of Zion, here in the Carolinas, is apostolically aligned. And it included a welcome to participants from **Susie Zeigler:** "Welcome to the Embassy of Zion! When the Lord gave us the name Embassy of Zion, we learned that an embassy is not speaking of a building. An Embassy is a delegation of people entrusted with a mission to a Sovereign or*

government! That's us [including all of us here at this gathering today]! So welcome to the Embassy!

Anne Romanello: Welcome to A Time to Plow! We welcome the Lord's work in this land, and join Him in it. Also, *1 Cor 3:9 (AMP) you are God's cultivated field [His garden, His vineyard], God's building.* We welcome his work in us today. It's all of us together who are the Lord's vineyard - and we say there is JOY in this vineyard!

Singing: Waymaker, Miracle Worker, Promise Keeper, Light in the Darkness, My God, that is who you are!

You are the Breaker, we get behind you! You are the Breaker, we get behind you! You are the Breaker, we get behind you! You are the Breaker, we get behind you!

We give you all the glory! We worship you oh Lord, you are worthy to be praised!
Way Maker! Curse Breaker! Stone Breaker! Chain Breaker! Curse Breaker!
Waymaker, Miracle Worker, Promise Keeper, Light in the Darkness, My God, that is who you are!

Chuck: Just to feel the Spirit of God here in Columbia SC - let's give one more shout! Tell 2 or 3 people He's breaking some stones and making a way!

I have to say Judah went first on that one. Let's thank God for Judah. It's such a blessing to be here and be gathered here. We've got to thank some people. Let's thank God for Anne and Susie getting us all here. Awesome. Just being here it's so good to see so many people. I saw Randy and Debbie Hiatt and their group from Florence. Let's thank God for Florence. Then we've got GA here, we've got Jackie. It's just amazing to see who all - when we gather like this we all get to come together as the church, and the Kingdom of God advancing. I saw Frank Seignious here. Frank goes way back, plowing here in SC in the prayer movement. And then we even have awesome people from up North. We have the NJ people. John, Sheryl, and Trisha stand up. Wonderful.

And I am privileged to be able to co-labor with one of the best apostolic-prophetic teams in the earth that goes all over the earth. Thank God for Glory of Zion and all their leaders. We did add one new leader, because the last time I was here Joe's dad made me a bowling pin with Israel on it. His dad makes bowling pins, and of course we are bowlers, so I brought the professional bowler with me this time. John Mark stand up. It's good to have him here.

I have a long history with SC. Pam is from NH but her dad got transferred here her Junior year of High School to Sumter, and this is where she graduated from. So actually when we met in college she came from SC. And we met and we married. I think this was the second trip I ever made was to come back and meet her family here in SC. So it's been lots of years since we've been married, 46 years - praying for SC and thanking God for what he was going to do. The Last time we were here was in 2008, in Charleston. Charleston is awesome. I met lots of people from Charleston. SC is just an interesting place. Let's thank God for that.

But I'm not sure I've ever felt a meeting like this here. Seriously. I've been here many times, I've spoken in churches in SC, and we've had corporate meetings here. But I don't think I have ever walked in to a meeting like this. At 12:30 we tuned in to the meeting when we were getting ready in our room, and you could just feel the presence of God moving.

So there's a reason God has us in SC this time in Columbia. And of course Columbia, that would be the name of America. So when James was singing the glory was hovering here over Columbia - when you look at what Columbia actually means - the female name of America - it means the glory from Columbia SC is now hovering all over America. Let's thank God for that.

I don't know of any state that has affected our nation more in some of its dramatic changes than SC. And the history here is quite amazing. And I believe this afternoon God added this session so we could understand some things and get some patterns of what we are doing.

As Susie said, it's a real honor when we gather from a region into a place. We become an embassy. And we represent a people that are ready to bring reform in. This is a great place to do that for a whole nation. It's great to see what the Lord is doing as he gets us here. I am thankful for all that has been plowed up and the way that has been paved here.

I know John and Sheryl were here recently teaching on the bastard spirit. If you haven't heard that teaching that God gave them, it is an amazing teaching. They actually went all the way to England teaching it and removing it and decreeing a breaking off America of the bastard spirit. So it is just an amazing teaching that God is using them to help the Body of Christ come into a new level of freedom and to know who we are where we are not exactly sure where we came from but thank God because of Him - we know we

have a place where we are going to. So it's great to break off anything hindering us to get us where we are going.

I want us to look at some things this afternoon, to go back to where we were earlier when we were here in September of last year in Charlotte. And I want us to pull in and see a pattern of what I see the Lord doing this year as we move forward. And tonight we'll have Dutch sheets. Let's thank God for Apostle Dutch Sheets, he's awesome.

This would be our second regional that we've had. We were in Ohio at the beginning of February. It's great to be doing some regionals like this, this year, pulling some things together. And we are not limiting one meeting to a region. We know that when we have accomplished what God wants in a region we will feel his presence break in that whole region. It's great to see that. The Lord is doing a lot of new things right now.

Hyrum, come up here. I am excited. When we say God's doing a new thing, I think sometimes we miss some of the new he is doing and we are not expecting him to come through. Hyrum, tell us what the Lord is doing with you.

Hyrum Lower: I was raised in a mormon household and we left the church a while back, but 8 months ago or so I really felt the need to go to the church and put in my resignation letter so they would take my name off the list. We went to the church and I waited and waited and nothing really happened. Just yesterday I was repenting to the Lord saying Lord, I'm so sorry I haven't taken it seriously and gone back to the church and made sure my name is off the list. And today my sister handed me my resignation letter, saying it came in the mail.

Chuck: Extend your hands to him. That's key. See, when you are transferring out from under one religious structure into a whole new glorious baptism and power, your life begins to take a whole new turn. Father, we thank you for Hyrum, for a generation that is rising up to make this transference. Lord, we say they are coming out from under all sorts of structures. And they are coming under a new baptism with you. We say the call of God on him now will come alive. Even though, the Lord says to you son, you are going to make turns and you are going to feel yourself saying I'm not sure where I am going. But the seed of God is so strong in you that you will be able to plant wherever you do go. The Lord says you will become a planter in my Kingdom and you will be planting seeds. You won't really be one who is watering. You will be planting a lot of new seeds and bringing a whole new crop in, in days ahead.

Sheryl Price: I heard the Lord say to me this morning “Henderson”. Is that where you are from? He said something so great is going to come out of Henderson - it is going to be unusual. Remember that movie “Harry and the Hendersons”? It was about a big monster and nobody knew what to do about it. It’s a move of God and it’s coming; it’s unusual. And Lord I loose it out of Henderson, out of Hyrum, in Jesus’ mighty name!

Chuck: The worship - James, LeAnn, and the team really paved the way for where the Lord would have us go this afternoon.

It is really amazing to be here, to feel this in SC. I think SC, if you read in Future War of the Church, I’ve got a series of books - Future War of the Church, God’s Unfolding Battle Plan, and the Time to Triumph. If you read in those books there are two states that I singled out that had to have change in them for America to come into its fullness. One was SC. It had to have a major shift. Because see, God has a first order. SC was involved in so many firsts, sending our nation in a different direction. So, it has a first anointing on it but it has never come into, I think, the call that God had on this place in its fullness.

The Carolinas became wealthy and influential, they prospered the land - but then they had a dichotomy in them that was just beyond - the upper and the lower. They didn’t really look like what God intended them to look like.

They had a covenant with God. And remember God showed me states that had a covenant with him. The Carolinas had a covenant with the Lord, but it also had a rebellious root that was so powerful it could cause a nation to go astray. So you want to think about how God sees the Carolinas to bring America into its destiny. That’s what we are in right now. How will this nation make its last major push into its future.

So, let’s look at the time we are living in. This is really a good picture of what this year represents. It’s a year of new wine flowing out. But it is linked with structure. And structure can be place or territory. It can be a house - we were talking about the house of God. It is a structure.

And what’s been going on over the last 8 years is now being pressed out. And so there is a great pressing going on to press out the fullness of the identity of what we are about right now. And you notice new wine is flowing out of the structure but there are lots of new fields ahead that we have not broken into or cultivated or moved forward with. It’s amazing what the Lord is doing.

And then as James was leading us, God has an order for restoration and breakthrough. And until we get back into his order - and we were looking in September about the Carolinas, God began to say some things over the Carolinas.

And when you look at SC - it takes a big effort for leaders like Anne and Susie to pull off a gathering not in their own city - because it was important we came to the capitol of SC for God's order. It was important that we gather here for God's order for breakthrough to come back in to America.

This month that we are in is a special month. It's actually the last month of the Hebrew year. There are two things you want to look at remember what God told Jeremiah, what do you see? Jeremiah said I see an almond tree and it's blossoming. What that meant was - the almond tree was the first tree that blossomed, and that tree watched all the other trees as they brought forth fruit through October. So when Jeremiah said an almond tree the Lord said you said well. I am ready for you to watch, to see what I am doing.

So I believe right now we are activating a 9 month watch from this place that will take us through this nation. And we will start from this meeting seeing fruit that has been planted year after year after year after year, begin to come forth. I think Hyrum is just an indicator of that. Lots of fruit coming forth! Let's thank God for that.

Open Your Eyes and See! Don't Miss Your Signs!

But the Lord is telling us you are going to have to watch, you are going to have to open your eyes so you don't miss the signs of things I am bringing to you. Lots of signs. Lots of things happening.

We are at the end of an era - this is the last year of a season of chronos time of ten years. It's been the ten years of watching. So this year - and I'll repeat this tonight so it opens up the way for what Dutch has to say to us - this year *how* we watch becomes very important. Because we are getting focused for the next ten years, and I call it the war of the prophets. We are headed into a season of great war over revelation, prophetic war.

I don't think we've been in a season that's looked like this. I'd have to say it's been probably 60 or 70 years in America. Israel, it's been 70 years. America goes back to the end of the 50s the beginning of the 60s. We are coming into a prophetic war because the next decade is about what we have watched after we start speaking. And it becomes a war like Elijah had when he went up against Jezebel's prophets.

So these gatherings that we are having are preparing us to understand the destiny of our region so we will be able to say what needs to be said.

An Aggressive Pressing for the Promises!

Now I do want to say this over SC over the last 6 years or so. I believe it has been the state that has changed the most in America. Let's thank God for that. Great changes have come here. When the Lord brought Nikki Haley in, it produced change. I am not real political but there is something about her voice that represented the shifting for the future of a nation.

And I believe as I stand here today, we are on the verge from this state, seeing a whole nation change. So we have to have this aggressive pressing in for the promises. We can't back off right now. If we back off we are going to fall into a passivity, and we are not going to aggressively pull down what God is doing and what He is longing to do, to move forward.

We Are Making a New Cycle!

With that you begin to see what he was saying in September about the Carolinas. He's saying to us, we are making a new cycle for our nation from the Carolinas. That's very key to understand that. I believe what started in September of last year and what is being plowed the way for, is a whole new cycle for our nation. Because I have always looked at the history of our nation and seen how SC has played such an important part.

A cycle means there is an interval of events that begin to occur. So as we are going into ending a decade and starting a new decade, we want to see a whole new intervention of God in the Carolinas, or else we are in danger of old cycles repeating themselves.

When you look at the definition of a cycle you also see it is a supernatural, phenomenological empowerment that comes into the circle of events. It's not where people just decide to do things. It's where all of a sudden there's supernatural intervention. It can be from God, it can be from demonic hosts.

And I believe the Carolinas have had more supernatural intervention than many of the states in America. Massachusetts is a state that has had much supernatural intervention. But I believe if we don't start making certain decrees and start watching in a certain way, the enemy will come in and try to create a cycle from this region called the Carolinas, that would be 7 times worse than what we have ever seen in America. So there is this intervention that is happening.

Get in Your Cycle of Blessing

Let's look how we need to find our way into the blessing cycle that God has for this state. That's what I want to do this afternoon - help you see some things where you have to find your way into and represent and become an ambassador of God in the cycle of events of this territory.

Find Your Root of Blessing (Gen 12, 15) When you get into the cycle of God you need to understand it was God who initiated the cycle. God intended for the earth to be filled with his glory, as James was singing. To be filled with the blessings of God. He intended us to go from blessing to blessing until blessing over takes us.

And yet the enemy, in his chaotic way says if I don't interrupt the cycle and create something from it that will produce stealing, killing, and destroying, God will take over and I will have no place in the domain of what's called the earth. That's what we want. We want him to have no place.

But to do that we have got to find our root of blessing. Here's the principle of getting into your blessing cycle: Where did the root of blessing for the Carolinas come from? How do we spread it out? How do we stake claim to the territory we've been given and then spread it out so that the root begins to produce fruit?

How Do We Outline Our Future? (Gen 22, 25:23, 27:29, 28:3-4, 13-15)

How do we take the prophetic words and destiny that God had and outline our future? That's a very important statement. How do we outline our future? Because future means there's an expected end we haven't gotten to. Therefore we have got to outline it and say how are we going to get to that place that God intended, and break every structure that's been invaded by the enemy?

Move With Angelic Assistance (Gen 28:12)

How are we going to move with the angelic assistance over the Carolinas? There are angelic hosts that are being sent just for the Carolinas. How are you going to interact with them? How, when you gather like this, all of a sudden there is this divine interaction, this ascension that goes on. And the angels come down and start assigning themselves to each one of us in this gathering. And we begin to hear clarion calls on how to move in this area.

Be Faithful to Serve (Gen 28:18-19)

How can we be faithful to serve when we are called upon to serve? Where will we serve in the future? How will we serve in the future?

Remember the Memorial Events in Your Life (Gen 28:20-22)

How can we look at and remember the memorial events where God invaded the territory? I think if we start looking at that you are going to find where you ran God off out of the territory. And that's where I see the real repentance coming at this time. Lord, you plan for your Spirit to invade and overtake the Carolinas. Where did you intervene to offer us that, and how did we stop you from doing that in your fullness? That becomes key for us.

I think a lot of times it's easy for us to reconcile with each other, but there comes a time when we have to reconcile with the Spirit of God and how he has been affected in a territory. Because one of the ways you define a curse is the absence of the glory of God. So how did the Spirit start moving and get stopped in the Carolinas? That becomes key.

Make Sure You Are Grafted In (Gal 3:13-14)

And then you have to make sure you are grafted in properly, that you have the order of your breakthrough right. First God, the God of Israel. That means next, what is your relationship with his nation and his plan and his people? How did and how will you move forward with the covenant blessings? How will you move with the Spirit of God in days ahead? This becomes key as we move forward.

Here are some things God began to say about the Carolinas.

*A New Day is Breaking in the Carolinas! A New Flow of the Spirit of God Will Move from the State Borders North and South to Create New Triumphant Movement for Harvest!
This is a Time to Prophecy!*

In other words when we were coming in, in September, I saw the border between NC and SC and a movement began. And that movement began to increase and increase. That's why we are here in Columbia. I don't think we could go back to Charlotte at this time, we had to cross the border and come this way, so we could secure this territory for the next move of God.

The Carolinas Will Become the Gate to Our Nation!

Then he said this. He said the Carolinas will become the Gate to our nation. Now you go back and look at the history of the Carolinas and that's exactly what they were. The gate to the forming this nation. So God has an original intent, and some way or another we have to come back into the cycle of that original intent.

Now. I think as I stand here I am able to see how the Lord can do that. How he can use Carolina as not just the eye gate but the mouth gate to this nation in the future. But I think we have to keep rallying to bring his anointing in here so that gets established.

A gate is a place of authority, a place of resort, a place where decisions are made, a place of contending, a place of watching, and a place where revelation comes. And if God is saying the Carolinas would become the gate to our nation, we are going to have to pull that into reality in what is called the Carolinas. I don't think it's just North; I don't think it's just South. I think it is the Carolinas, which has a great territorial effect.

I want to say I see this happening in the next two years from this state and from this region in America. So this becomes key when we come together here.

We will also be going to GA because when God showed me GA in 2008 he showed me that would be like a state that could become a capitol that could lead all of America astray if we didn't bring the anointing in.

So you see places like the Carolinas that were meant for Godly influence, meant for a move of God. You see places like GA who have great governmental authority in days ahead, but there is a contending going on over it. It hasn't been decided how it will rule and what the real rule of its influence will be.

It hasn't been decided yet of the Carolinas' voice and how you will be heard in days ahead.

The Glory is Waiting at the Gate! We Must turn the Battle at the Gate! (ISA 28) So what the Lord showed me was how the glory was waiting at the gate. There is a glory here. We could feel it when we turned on in our room at 12:30. It wasn't just the incredible anointing of the worship. There is something hovering over us because of this meeting. Something from last year from that meeting. But it means that we have great authority to do something that will shift the battle at the gate.

So when I'm asking the Lord about this, by tonight I'm saying Lord give us that one thing that will cause a shift for the whole South. Why would I say that? Because you shifted the whole South. Columbia shifted the whole South. Sumter island shifted the whole South. So that says you have a great power to shift the whole South for the glory of God! It's amazing.

So I want us to look at a couple of patterns that we find when we are looking at this glory. Glory means dignity, honor - the very thing that Susie was saying when she was up here. It means abundance, wealth. It means there are treasures that have never been unlocked and once they are unlocked we begin to shine.

Glory is a weight, we wear it. It can be seen on God's people. And yet I believe God is saying the glory is at the gate, and the Carolinas will become the Gate of America. So that says there's a new honor, there's a new glory, there's a new dignity, there's a new majesty, there's a new perfection in your promises that God is bringing.

When I started looking at this the Lord began to take me to two places. One from Acts 15. In the book of Acts they are having a meeting because it's time to shift the church into its Kingdom glory realm. They are having this meeting because they are in contention over who will be included in the shift. And they have to come to a decision of how to make this shift. So they are having this council and they finally come to an agreement over a prophetic word given by the prophet Amos that would be the promise for the church for the whole future. That word was that there would come a time when the tabernacle of David would be restored.

That word was to be used. It happened in David's time. Amos prophesied it. The early church had to come into agreement over it, and said let's just lay down all our rules and regulations, and let's agree that we will go into the process of restoring David's tabernacle wherever we go. And, in restoring David's tabernacle, that pattern will become the pattern for our territories.

We won't participate with fornication. We won't drink the blood of idols. They got down and narrowed what their conscience would be able to grab hold of so they could move forward. What am I saying to us? They had to defeat a religious spirit that would stop their movement.

I am here to address today, because God has said the Carolinas will become a Gate for all of America, and the glory of God is at the gate of the Carolinas! I say this religious spirit will not stop the move of God that will come out of the Carolinas!

Now I want you to grab someone's hand - where there's two touching and agreeing, come into agreement with them that the Carolinas will be known that the religious spirit is *not* the greatest influence of this land!

Father, hear us. We're coming into agreement. That ruling force that has affected the Carolinas year after year after year will not be the ruling force of this next move of God!

And He said what's been fallen will now have to be raised up so that the rest of mankind can see this movement.

Now, let's look at the first pattern. And I want to take it from David, since in Acts that was to be our model.

How Do We Keep Following the Procession of God's Glory!

- *Recognize the Voice of Change (1 Sam 16)*
- *Stay Focused in Your Wilderness SS 3:6*
- *War for Positioning 2 Sam 2-3*
- *Get Past Your Last Major Mistake 2 Sam 6*
- *Do Not Reject a New Worship Expression 2 Sam 6*
- *Establish His Presence (The Ark) in Your Midst 2 Sam 6*
- *Renew Your Covenant and Righteous Stand 2 Sam 7*
- *Take the Mother Bridle City of Your Enemy 2 Sam 8*
- *Find Your Place in the Next Administration 2 Sam 8*

Put this slide up so we can order this to see how can we keep moving into this next season, so we don't stop. Now this was how David began to move.

Remember you have to watch sovereignly because he starts changing and raising up people and realigning people. That's what he did with David. God chose him prophetically but he really wasn't in the mix of things until his father sent him to take care of his brothers in the battle with Saul.

There he was there like Esther, and this is the month of Esther, positioned to be in the battle for the future. He just couldn't understand why they were allowing this giant to determine the atmosphere of the territory. It said Goliath had been the decreer of the philistines for 40 days to the point that they were believing what Goliath was saying.

And David came in to bring raisins and cheese and bread and says why are you listening to this? And the first thing that happens is his brother turns on him. And David had to look at him and say don't we have a cause that is greater than what the enemy is saying in this land?

And then sovereignly God starts putting him in place. And he couldn't use the armor that was there, you know the story. He had to find God's way to shut the voice up, and to remove the headship of the voice. It was David's initiation into the enemy of his life, the Philistines.

And it began the process of him coming into the identity for his future. He had been anointed, but I'm sure he didn't know the first thing what that meant. When Samuel came and anointed him to be king and poured oil on him. He probably thought I'm not even sure what that meant, what just happened to me. Sort of like Hyrum being up here and we're prophesying a whole move of God is going to come out of him.

But then there comes a time where God starts activating that. And what God ordains He starts taking through the process of completion and performance. Say that out loud - there's a performance on the way!

And remember, what David did was establish his testimony in the midst of the enemy's camp. We have to look back and say what is the testimony of God here in the Carolinas? What's ruling against the testimony of God here in the Carolinas? What's happening?

And then the process starts. He starts moving. He goes through wilderness after wilderness. I think when you look at God's intent for the Carolinas and all the wildernesses you've gone through, it doesn't change the mind of God. That's what you have to understand. God had an original intent for the Carolinas, for this whole nation. And the nation doesn't come into its fullness until that intent is brought out. And that's what we are watching for.

And David made lots of mistakes. He went through a long war to get positioned. See what I think started happening in September was you started getting positioned for the future. I believe something happened in that. I believe you had been through a long war. We had seen positioning after positioning after positioning. But all of a sudden something got positioned to move forward.

I love what John and Sheryl and the team has done to go to the 13 Original Colonies. Because it's been scraping the root system of America, getting it prepared to grow. And you see the enemy battling back with everything he's got - from NY and other places, NJ. But that still doesn't change the intent of God's covenant plan, as long as there's a remnant. Tell someone - I think he's talking about us.

So you go through this process. David made lots of mistakes. You just have to get past your mistakes and keep going. Look at someone behind you and say keep moving forward!

And I think this was what I loved about David the most - he had been given great blessing. He had his taxes paid and he got the king's daughter - and it didn't stop him. He kept moving and had to press through. But he knew what he had right to. What I love most about him was he wasn't afraid to worship with the new expression. And when he did that it divided Israel.

I am here to say over the Carolinas: One of the dividing points over this region called the Carolinas is going to be the worship that is coming in to the Carolinas. And those who reject God's new plan, because there is nothing out of order about what God is doing right now. And those that are speaking against it are going to have trouble.

And then you see what he did was - he had to get the ark central. See I think that's what we are doing in Charlotte, that's what we are doing here in Columbia. That's what we are doing in Charleston. The ark has to be central so the glory is revolving around it. You have to know where the glory is established.

I love what David did - once he finally got the ark in place. And look what it took for him to get in place - he had to go through a hard time. He had to learn to sacrifice. I have been where the ark came from. That is a long way into Jerusalem. Every 7 feet he had to make a sacrifice. Lots of blood. Lots of giving. Lots of oxen. But it was worth it for God to become central.

And then David renewed his covenant with the Lord. I think really, if I could say - and I'm looking forward to what Dutch would say tonight. Where I see that you are moving right now is a renewal of covenant. You are saying we want God. We want Him more than anything in our states. We want Him moving here, we want Him moving in this territory.

And all along he had a foe he was battling. The Philistines constantly - not only did he have to battle an old government, there was a long war between David's army and Saul's army, and old structure. But he also had to battle an outside influence called the Philistines over and over and over, who hated the thought - it even says this in 2 Sam 5 - the Philistines heard of David's new anointing and said if we don't stop it he's going to

stop us. See, you have to know that the more you move, the more you contend. And in the middle of that right now there is a great contending.

But then you finally find in 2 Sam 8, David goes to Metheg Ammah, where the Philistine's strong is central. And after all those years, 20+ years, of him pressing forward, it says he takes the bridle mother city and stops the move of the enemy.

One of the things I'm looking for as I move forward in this season of my life and my call with the Lord in this nation, as opposed to my call through the world, is the mother bridle cities. Where are the ruling city structures that have really created an adverse influence against the move of God? How will those structures change?

And I believe when, as the Lord said, when you get invited into a city, like we've been invited into Columbia - Columbia is ready for change. It's a great statement. And the Lord said you stay there as long as they want change. That's what Jesus said. He said they will take care of you as long they want change, as long as they are flowing after the shift that I am bringing, you stay focused with them. And I am here to say the Carolinas are focused for change.

Once he took that government rule that had been ruling all those years in that territory - the ark had never been in place - Saul could have cared less if the ark ever got in place. That's how you look at old religious structures - are they in it for themselves or do they want to see the power and presence of God established? It's not some older person who is ruling - whoever is the ruler, are they resistant to establishing God's glory? That's a Saul.

David had one desire: Let's get the ark in place. Let's overthrow the Jebusites who have never been overthrown. Let's get the ark positioned. Let's get the glory as the central force. And then once the glory is central, let's take out the enemy that's ruled in the past. And then, you see David's government falling into place. Everybody starts finding their place. There's a great remnant. There's treasures. There's captains of the military. All of a sudden the whole army comes into God's order. And it can't be stopped for a generation.

God, bring this into America, for territory to territory to territory.

Let me show you another place, and then we will have a time of prayer.

Spring Up Oh Well! The War for Life, Water, and Oil! May Your Root Be Watered! The Day of a New Altar Being Built!

This is what he said to me for here. He said it's time for the wells to spring up. But there's a great war - he brought us to Columbia for this - for life, water and the oil of the next anointing.

He says he's ready to water the root. Columbia has a root. That's why it has a counterfeit root that's always ruled from here. It has a government authority. That's why it has a counterfeit against the move of God. And God is saying that's about to change in Columbia SC. We are here to announce it.

And then he says not only is it time for new wells to spring forth, it's time for new altars to be built.

I want you to go with me to Gen 26. Because when you start reading the New Testament you find there are certain wells that the Lord himself needed to go to. He needed to go to Samaria because here was a well there he needed to visit.

He needs to come to Columbia because there's a well here he needs to visit. But wells and altars go together. So, we have to see new wells spring up, and we have to see new altars built. And by tonight we want to address one of the ruling altars of all of America from Columbia, and decree that a new altar of glory will replace it.

And so we are back to the Philistines again. You have the Philistines' well. See, Abraham made covenant with the Philistines. They weren't always the enemy of God's people. Abimelech made covenant with Abraham, and Abraham dug all these wells in the midst of famine. Now, Abraham did some crazy things, and then those crazy things got repeated in a generation to come.

See, that's what happens if we don't break cycles. And so, Abraham's servants began to, in Gen 26, war against the right of covenant that Isaac had when God sent him down into the Philistine region of Gerar again.

Why did he do that? God told him don't go to Egypt. You've got to go, and I'll show you where you have to go. It's because, see when we get dry and famine comes toward us, it forces us to work the water we can find.

I want to say this to us - I believe we are getting thirsty and are being forced toward new drinks. I believe there is a generation that is pushing us. There are actually a couple generations pushing us to say we are going to have to find some new water holes. And first of all, God meant for some great water to come forth from this land.

In the midst of it, see Isaac was the offering of God, and he couldn't just go into a place where there was no covenant alignment whatsoever. I'm saying that for this: there are certain places in America that have covenant alignment whether they are operating in it or not. The Carolinas is one of those places. You are a covenant refuge. You might have violated that, you might have resisted that, but that's what you are.

And there were wells that had been dug in other generations, and Isaac started trying to uncover these wells, and he went into a great war over the uncovering of them. But you have to understand covenant rules. Even Abimelech's covenant with Abraham - there was an authority in the region for that to begin to operate. What happened was, Abimelech's kids started breaking covenant, violating the covenant. And so Isaac started prospering so much down in that area because of the covenant that God had with his people in the Philistines, and even through the Philistines and Abimelech's sons were coming against it, Isaac kept prospering.

God won't quit until somebody brings forth his purpose. Look at somebody next to you and say I think you are that somebody God is calling. Look at them and call them *somebody*. It's time for you to raise up *somebody*!

Because see, the wells technically belong to God. And Isaac had right to them. God technically has rights to wells in the Carolinas. And so what Isaac did he said well let's move until we can get to a place, and let's keep moving until we can settle this for our future.

He would re-dig a well; the philistines would try to take it over. He would say you can have it. I'm not going to strive with that well. And he would name it striving.

He would dig another one. They would get mad. He said you can have it. I'm not going to get angry. I'm going to move past the anger of last season. I'm going to move past the striving of last season. I'm going to move past the quarreling of last season. I'm going to move past the violation of last season. And finally I'm going to get to the place where God says it's time for the enlargement. Dig a new well!

Now see there was some reason in this meeting we had to do it differently. Because God said dig a new well when he got to Rehobeth.

I am here to say there is a spacious re-digging and digging of the new happening in the Carolinas! And God said I have brought you to Columbia to dig a new well.

But it wasn't just digging the new well. He wasn't just going to dig a new well, which he did. And then the Lord said now move on here and build a new altar.

Now I'm here to announce to you, starting this gathering in the Carolinas, not only will new wells be dug throughout the Carolinas, but here's the key: new worship altars will be established. One of the greatest worship altars of all times that's been defiled is in Columbia SC. And God says, but new altars are going to be established. I have found a people who are ready to dig, ready to drink. They are thirsty. And they are ready to build fiery altars for the future. And the altars of the past will no longer be able to rule my territory that I call the Carolinas, for the future! This is the beginning of the reordering of God's breakthrough, from the South into America.

Now extend your hands. Lord, you brought us to this place. There's been a breach in this city between heaven and earth. There's been a breach in the ground that stopped the flow of revival. And you are ready for this land to gain a new flow and new well of revival. Lord, you've chosen the Carolinas because you *chose* the Carolinas.

Look at somebody - he chose you, you didn't choose him. He prospered you at the beginning he's still prospering you. There's been a war over the prosperity and unity of this land from this land. There's been quarreling initiated from this land. There's been anger initiated from this land. There's been enmity created from this land. Columbia.

And the Lord says today and tonight there is a divine reversal happening in the atmosphere! There's a reversal between heaven and earth! There's a reversal of the springing up of the well of God! There's a reversal of the fire of God! There's a reversal of fire coming back to the altar of God in the Carolinas!

And He says I have gathered an Embassy that I can begin to cause my glory to be worn in every place their feet go. They will recreate the order of breakthrough in this land!

I've created a new sound of worship, a new order of worship. I invited you into this city to start a divine reversal of my plan! Shout!

Singing: Where there is new wine there is new power. There is new freedom and the Kingdom is here. I lay down my old flames to carry your new fire today.

Chuck: And I say I brought you here because you will be uncovering the fire water that will flood throughout this land! I say there's fire in the water that you will uncover from the Carolinas, and it will heal and seal and restore the covenant of America! Because Columbia, I chose your name as the beauty that America was to carry!

Singing: Where there is new wine there is new power. There is new freedom and the Kingdom is here. I lay down my old flames to carry your new wine today. So make me a vessel. Make me an offering. Make me whatever you want me to be. Because I came here with nothing, but all you have given me. Jesus, bring new wine out of me. Where there is new wine we'll see new power. We'll see new freedom and your Kingdom is here. We lay down our old flames to carry your new fire today. So make us a vessel. Make us an offering. Make us whatever you want us to be. Because we came here with nothing, but all you have given us. Jesus, bring new wine out of us!

We're making a transaction with heaven. We're making a covenant with heaven for the new wine and the new flames. Lord, let everything you've said be so with us. Establish your gates in this territory. Let every word be fulfilled. Let every promise be secure as you bring the new wine.

Chuck: Now put your hand on someone's shoulder. Thank Him that this is a new beginning. A new breakthrough. The papers have come in that says I'm setting you free from the other structures. Lord we ask that by the end of this day that you have set us free from that which has stopped the next move of the Spirit of God and the Glory of God throughout this land! Father, we love you. We bless you, and we say start right here in each one of us!

Now worship, stay in prayer until 7:00 tonight, and let's press through on this mission God has brought us on.

Anne Romanello: The Carolinas' Triumphant Reserve gathered here: Let's say, "Yes and amen!" to these prophetic promises. Yes, amen! Yes, amen! Yes, amen!

[Just Prior to 7:00 Session](#)

Ed and Gloria Williams led us with a cappella singing prior to the evening session, including 2 songs composed for this gathering:

Ed Williams: Blessings, fellow Kingdom citizens. The theme for this gathering is A Time to Plow. With God timing is everything. We are so thankful for our alignment with Embassy of Zion, because that was all in God's timing. In line with the occasion the Lord gave me a song for this being a time to plow.

Singing: The time is now! Preparing the land for awakening! A time to plow, break up the fallow ground! The time is now! Preparing the land for awakening! Here He comes, the King of Glory, He's ready to come in! We're planting seeds and soon we'll see the fruits of love and liberty! Supernatural power from this unity! Behold the King of Glory, He's ready to come in! The time is now! Preparing the land for awakening! A time to plow! Break up the fallow ground! The time is now! Preparing the land for awakening! Here he comes, the King of Glory, He's ready to come in!

Gloria Williams: We declare the reign of the Lord, our God. He reigns! And He reigns through us. The King of Kings will come today as we have enthroned His presence here in the Carolinas! Reign, Jesus, reign! Reign, Jesus, reign!

Singing: Reign, Jesus, reign! King of Zion, Judah's Lion, reign Jesus reign! Reign Jesus reign! King of Zion, Judah's Lion, reign Jesus reign. Reign Yeshua reign! King of Zion, Judah's Lion, reign Yeshua reign.
Oh Come Let Us Adore Him... Hallelujah... Glory! Breakthrough! Divine Turnaround! Divine Harvest!

7:00 Session

Susie Zeigler: Lord Jesus, we are here for you! Our time tonight will be a First Fruits offering to the Lord, for the month of ADAR 2. Chuck referenced ADAR 2 this afternoon. ADAR is the month we celebrate that the curse has been reversed. How awesome is that?!

It gets more awesome. We've talked about North and South Carolina, a double portion. North and South Carolina represent a double portion before the Lord. This month is ADAR 2 - there are two ADARs this year. There's a double portion of reversing the curse! Lord we offer you our time tonight as a first fruits of our love for you.

Anne Romanello: I want to acknowledge and thank the whole host team portion of Embassy of Zion. You who are on the host team portion of Embassy of Zion, stand up and wave, host team. We are all together. We are one, and it takes everybody. And God has certainly appointed ones to do this.

Also tonight when you come bring your offering to the Lord you can use these baskets here on either side of the stage. And we have a gift for you, a stone engraved with the word "joy." We are plowing up some stuff and we are going to find joy.

Here's a scripture I hope you remember whenever you see your joy stone, and think about this gathering, and add your faith to the promises here. We are going to watch over his word and see him perform it!

1 Peter 2:4-5 "As you come to Him, the Living Stone, rejected by humans but chosen by God and precious to Him, you also like living stones are being built into a spiritual house to be a holy priesthood, offering spiritual sacrifices acceptable to God through Jesus Christ."

That's who we are, all of us together, the House of the Lord. And like we said earlier, there are things that God loves. He loves his sanctuary; He loves his people; He loves this. Look around and see the living stones around you, together fitted. We are God's building, the spiritual house of the Lord. Isn't it awesome?!

Susie Zeigler: We say this all the time, but Carolina means joyful song. It's in our land, people. Joyful song is in our land and we are plowing it up!

We have a special welcome from the governor of SC. I'm asking Judy Jackson to come forward and read that for us.

Judy Jackson: Thank you. It is an honor to welcome Chuck, Dutch, Embassy of Zion, and all of the Glory of Zion team to South Carolina. We wanted to do it right, so we invited the Governor. But he was traveling and couldn't come. But he sent a letter I will read to you.

Dear Friends, it is my pleasure to welcome Chuck Pierce and Dutch Sheets to Columbia, South Carolina for their Time to Plow event. It is reassuring when people are given the opportunity to gather in faith, to benefit from the ministry and guidance of spiritual leaders. With a deep commitment to sharing the word of God with all people, Chuck Pierce and Dutch Sheets share their prophetic vision with others, awakening souls, instilling a greater understanding of place and purpose, and strengthening faith through worship and praise. Peggy and I wish all the best for a wonderful, uplifting event. Yours very truly, Governor Henry McMaster.

So y'all are welcomed here tonight!

Susie Zeigler: Let's worship!

Singing Let Our Praises Rise! We let the sound of our praise arise! All praises rise!
We let the sound of our praise arise! All praises rise!

Chuck: As we worship I want you to feel free to give accordingly. Remember what we said this afternoon: every 6 feet, every 7 feet, there had to be a sacrifice. This is a day your sacrifice will multiply. Even the top leader of your State has said welcome to this place! We are here to do business. When you give, you decree a double portion!

Singing Let Our Praises Rise! We decree a double portion oh God! We decree a double portion! Let our praises rise. We've come to plow! We're plowing people! Let our praises rise!

We're plowing deep! We're plowing deeper, deeper, deeper. Deeper, deeper, deeper!
We're plowing deep! Let our praises rise! We're plowing deeper than we've ever plowed before. We're plowing deeper than we've ever plowed before.

The land cries Yahweh! The land cries out for Yahweh! Our heart cries for Yahweh!
Yahweh! Yahweh! Our heart cries out, our land cries out for you.

Chuck: Keep clapping. There's a stirring in this place of restoration. In the Word of God, when we clap it causes like a tent peg going down into the ground, causing the covering of heaven to come down and cover the earth realm that we're in.

Lord, we decree all the way from Delaware and NJ, all the way down the East Coast, we decree into Florida - we decree right now a new covering is coming from heaven and beginning to cover the America. We thank you for Columbia. We thank you for bringing us here. We thank you that it's causing a reversal of things in the ground that have held back the joy of the Lord from coming forth.

We say a new sound will originate from South Carolina. And from the Carolinas a sound of triumph! A sound of unity! A sound of power! We say there's a sound brewing in the earth, and heaven is coming down to activate it!

Singing: We're plowing deeper than we've ever plowed before. We're plowing deeper and the earth cries out for more! I hear the thunder cry all deep within the earth, crying out for Yahweh! Crying out for Yahweh! Crying out for the Ancient of Days.

Chuck: One of the things that restored the South was the sound rising up. It's in the ground of the Carolinas. Decree the sound is rising! A new Judah movement is rising up! New songs will be birthed of recovery! Songs of recovery! Songs of liberty! Songs of freedom! Songs of bloodlines coming back together!

Singing: Freedom! Bloodlines come together! Unearth the sound from the ground! Unearth the sound of Yahweh!

Chuck: And I say to you I am causing my altar to be reconstructed in this land. Don't bind me from where I began to call forth worship. For I will call forth worship in places that you wouldn't even think of worshipping in. But I say it's the restoration of my altar in the Carolinas. And once the altar is resurrected, and once it's restored, I say religion will not stop the move of harvest from the Carolinas! It will be a double portion!

Singing: I bring my gifts to the altar, I bring my gifts to the altar and lay them down, lay them down for you.

Chuck: As we taught this afternoon about the altar, and how we are digging a new well, and we're building a new altar - when you think of what really went on in Columbia, it wasn't just - when you are seeing where there is a divine intersection, where the enemy has - it's where all of a sudden religion and government comes together and it creates a twisting of God's will and produces iniquitous structures: bloodshed, perversion, idolatry. And what happened to really cause the division in this land to go forth was, in Columbia actually at the First Baptist Church, that's where secession was decided upon.

The Lord says tonight as you worship, there's a divine reversal coming into this land! Where Columbia has been a city that has tried to remake itself and to come back and to become a model of reconciliation, God says now tonight the ultimate reversal comes in! Where that handshake between religion and government that created a dividing move in this land, the Lord says the reversal comes tonight, where He's putting back together a nation in a new way. And the sound that comes from this move of God will begin to unlock and bring in people from every walk, whether it's low land or high land, wherever it might be. This move of God, starting tonight, is raising up an army that will not be stopped by religion! And government must shift, because the government of God is being restored!

Singing: All We Want Is You, All We Crave Is You. So let the mountains shake, let the deep be broken up. Let the earth start to quake. You are more than enough, God. All we want is you.

Chuck: Now Father, from the Carolinas tonight there is a reversal of covenant-breaking sweeping out across the land of America! And we say healing will now arise in a new way!

Singing: All We Want Is You, All We Crave Is You...

In the darkness I'm on my knees searching, searching, searching for you. In the valley I'm on my knees searching, searching, searching for you. My heart is longing, reaching. My soul is running, running. My heart is longing, reaching. My soul is running, running. Your voice is louder, louder. Your Spirit, my spirit, becoming one. I'm singing My soul pants for God and God alone...

This is the season your thirst will be satisfied. If you will cry, if you will seek. Your thirst - it will be satisfied. If you will prophesy and you will watch, your thirst - it will be satisfied! My soul pants for God and God alone...

There are doors you've been trying to open. It wasn't time, it wasn't time. But you've been waiting patiently. This door is ready to swing wide!

And the Lord says if you will not faint, your eyes will behold everything that you've been looking for and watching for and praying for. Your heart is one with mine if you will say just what I'm saying. You will walk into the purpose that I've made for you.

Your prayers are lining up with mine. Your words are lining up with mine. Your heart is lining up with mine if you will just behold me and let your soul pant for me, let your heart pant for me, let your ways pant for me, pant for me, pant for me.

My soul pants for God and God alone. See the plow is cutting deeper into a strata it's never cut before, in this time, in this time, in this time. Cutting into a layer of compassion in the deep, in the deep, in the deep.

And I see a generation brimming over, about to pour out upon this land. You're winning the hearts, winning the hearts, winning the hearts of a generation that's coming behind you now. Let it pour out, let it pour out, let it pour out on the thirsty ground.

Your sons and your daughters, they will prophesy. Even the little ones, even the little ones.

Chuck: I hear the Lord say listen carefully to what they say, listen to what they sing, listen to what they are singing right now. Listen to what they are saying. It won't come

in a form we are used to; it will come in a different form. But the Lord says I am activating now 4 generations and realigning them in this land. And I will cause the little ones to sing of the freedom that is coming to the generations ahead of them.

Now let's clap our hands and thank God for what He is doing. Put your hand on somebody and say your sons and daughters will prophesy. Your maids and your menservants. See, God is going to restore what was lost during that time frame when the gifts weren't free to work in their fullness.

Now with this team - let's thank God for Judah going first. And when they are singing about panting and longing for the Lord, I know of no one that I run around with throughout the world, but mainly in the US, that has a heart to see this nation changed as much as Dr. Dutch Sheets. Welcome here to come give us a charge.

Dutch Sheets Speaks

When Chuck and I do these meetings together we try to be very, very flexible and not come with a pre-determined message. I often know a direction. But we really do this unto the Lord and we try to hear what He is saying to each region. A lot of times I'm journaling and almost acting as a scribe during the worship and when he's prophesying, and trying to write things down and say Lord, what are you saying *here*? I think if the Lord showed up in the flesh and went to every region of America He wouldn't give the exact same word. I think He would say this is what this part of the nation needs to hear, and this is what this part needs to hear.

When Chuck came to me a few months ago, he first said to me I think we need to go back to all 50 states. Of course, he and I live on the road, basically. We've been to all the states multiple times and in between that we do other assignments. I think Chuck traveled about 500,000 miles last year to different nations, he's overseas a lot. But when he said that my heart sank and I thought I don't know if I can do that again, at least at this age. He came back to me and said actually I don't think He's saying we need to go to all 50 states. He is saying we need to touch all of them with some messages and we can do it by going to regions. So that sounded right to me. He said a dozen. Now it's up to 20, 25. And what's so hard about it is he's a prophet. You can't really argue with him because he says "the Lord told me." [laughs]

I'm actually in a season of trying to slow down to get my body healthy and do some writing. And I'm only doing a few of these during this 3-month span. But I feel something very weighty here. I spent a couple hours today just walking. I walked

around the capitol and this part of the city, and said Lord, what do you want to say here and what are you doing?

I really feel the Lord orchestrates the timing of these. This is our second gathering. I think it's very significant that we are here early on in this tour of sorts.

I'm going to tell you 3 phrases that he shared with me when he said I feel the Lord wants us to do this. And use that as a launch so we can all get on the same page. And after I share tonight he will come up here and he'll probably have some more prophetic words, and we will pray and decree together.

He said to me, I heard the Lord say this: Go to the nation this year and activate the anointing to birth the future. You know, if you understand the ways of the Lord - He said it to me this way recently - He said suddenlies really aren't suddenlies. When the Lord shows up and does something suddenly it's because He's been doing things and preparing and there's been prayer and there's been plowing and there's been repentance and there's been worship, and a lot of preparation behind the scenes. So, Issac was created in God over a 25 year period, not a 9 month period.

So when the Lord said through Chuck I want you to go activate the anointing to birth the future of this nation, that meant to me everything He's been saying and all the prayers and all the fasting and all the work that's taken place to get us to this point, God was saying now you can activate that. You are shifting into a new season.

And most of us in this movement, the prophetic stream, the prayer stream - we have known for a year or two that we are shifting into that new era. It's a new season. I just use the phrase "new era" because I think it's so huge, the difference that's coming.

But activating it - I feel we are on this journey now to say the seeds - we get all the clutter out of the way, we get the fallow ground broken up and everything God's been doing can now begin to come forth.

The second thing he said to me is, I feel we are to restore God's hovering power over the nation. That's an awesome word, isn't it? That's the word "moving" in Gen 1 - when Holy Spirit was moving over the face of the deep and Jesus was decreeing "let there be" - that's the Hebrew word "rachaph", which means hovering over. In Hebrew it is literally a reproductive term. The picture in Hebrew is a husband hovering over his wife in the

intimacy of marriage. He was saying the words Jesus was saying were spiritual seeds. The Holy Spirit was taking those words and causing something to be born.

So when phrases like that are used, when He gives me a word like that, the Lord knows how I am going to process that, He knows what that means to me. If we are to release the hovering of God over this nation, that means He's about to release resurrection power, life. He's about to bring forth something that we've been asking Him to do. We all want it more quickly than we usually get it, don't we?

I feel like Abraham sometimes. It's been about 25 years since I've been assigned to do what I do in this nation. God began to promise me that He was sending a 3rd great awakening to America, about 25 years ago, 25 years and probably about 10 million miles ago.

The last phrase he used when he shared this with me - Chuck - he said activate anointing to birth the future. Restore God's hovering power. And prepare the land for awakening.

When we did our turnaround gathering in Washington DC a year ago, one of the dreams that a person had that impacted me greatly at that gathering - One of the intercessors had a dream. She saw the end of our meeting. She said at the end of the gathering she was outside with a couple friends and we dismissed. People began to leave. She said an angel, in this dream, left that Turnaround gathering and started walking through Washington DC. And in the dream she and her friends said we need follow this angel to find out where the angel is going. So they followed the angel all the way to the Capitol. And the angel had a scroll and walked in to the Capitol. In the dream they were able to follow and go with her and no one stopped them. She said the angel went to the big room where the President gives his State of the Union address - I said that's the house chamber. Just like the President does, this angel stopped at the back door and waited. And it was filled with Congress. And somebody said, "All rise." Then the angel unrolled the scroll and began to read. The message was "the verdict has been rendered."

My first thought when I hear something like that is, I hope it's good. I hope we don't get what we deserve; I hope we get mercy. But it was obviously heaven's verdict over America. And then in the dream when she gave it to me, to emphasize the way it was spoken in the dream, it was bold, all caps, exclamation point: The verdict has been rendered, and it said, America shall be saved!

America shall be saved! That's a good word to hold on to when you are watching what's happening around us right now. Because the warfare is intense, the polarization of the nation. I've been telling people for 25 years, and in the last few people are believing it now - I've been saying there is no hope for America to fulfill the destiny that we have had, and be what we are supposed to be - there is no spiritual hope for America other than a 3rd Great Awakening. There must be a spiritual outpouring of Holy Spirit that turns this nation around.

But it's coming! We have been asking, we have been repenting of the sins of the nation. I've also said for years, if you are going to believe 2 Chronicles 7:14 - if my people humble themselves and pray - we all know the verse - if you are going to believe the first part then you need to believe the second part. If you are going to do it, then eventually you get to the healing of the land. If they will I will. If you will I will.

Another person shared a word for me that was given by a prophet in Australia recently. One part jumped out at me and I think it's where we are. The Lord said in this prophecy, I am breathing acceleration into the restoration I have decreed over America.

Chuck, I think everywhere we go this year in this assignment, we are to decree that - the Lord is now decreeing acceleration into the restoration he has decreed over America. I personally think that's why the warfare has intensified. Because the enemy is always reacting to what God is doing, trying to stop it.

So let me try to speed up a little here and share a few things that I think can bring us to the point that we can pray together, lead in some prayers and decrees over the nation.

Zechariah 10:1 says ask for some rain from the Lord at the time of the latter rain. Some translations say when it's time for the rain - and the context of this verse is not just natural rain but it's spiritual rain - it's an outpouring, a renewing, a rain from heaven that turns the nation around.

When it's time - pause there. That tells us something right from the beginning of this chapter. Before anything else he says when it's time. That tells me the first thing we have to do is discern what time it is. Because for 24 years it was time for Abraham and Sarah to believe; it wasn't time to conceive.

But God gives a promise and sometimes there is a lengthy season of travail, of intercession, of repentance, of preparing. That's the way it's been for us in America. He

says when it's time, because there is a time. Ecclesiastes 3 - There is a time and purpose for everything season under heaven. Only place in the Bible where anything like this takes place. 28 different times God says there's a time for something - a time for this, and a time for this. 28 times - you get the idea by the time you are finished that God has a real important emphasis on timing.

And if you do not know what time it is, if we do not know what time it is, if somebody does not say, hey we are supposed to go to the nation this year and do some things, and here is what we are supposed to decree, because here is what God is saying. This is the time. And if you listen to the prophets you can prosper, right? We believe God talks. If we listen, we believe He still speaks.

So when He comes along and says the verdict has been rendered, America shall be saved, and I'm about to accelerate this thing - then we are supposed to do something to cooperate with Him. We are supposed to discern what time it is. That's what He said the sons of Issachar could do. 1 Chronicles 12:32 they had an ability to discern the times so Israel would know what to do. If you didn't know the timing you didn't know what to do. They knew what to do because they knew the timing.

So you have to discern what the season is. Where are we in this journey? And I think this particular prophetic word that Chuck gave when he shared this with me is maybe one of the most encouraging words to me in the last 24, 25 years - that, and some of these words I am sharing with you.

Because all of a sudden the Lord is saying start shifting out of travail and repentance and plowing - He says one more year of plowing - you are going to plow for one more year. But even in the plowing prepare yourself for what's coming.

And when He says when you know it's time you change the way you pray, right? Ask, He said. See, Elijah was told prophesy drought. You know you are in trouble when the prophets are prophesying drought. He's not giving any good words to Israel. He's saying hard times are here and hard times are not leaving for a while.

But there came a point in 1 Kings 17, 18 when the Lord spoke to Elijah and said it's time for rain. It's not time for drought any longer, not time for the famine and the suffering that's done what it needed to do. The nation has come to a point where repentance can take place.

When you get to this point, you have to believe this, God can bring change very, very quickly. Just because it took years to get to this point, doesn't mean the turnaround then has to take years. Because when that has done its work, it's like the sinner - when the message of the cross, the gospel has done its work, and when the repentance, the conviction has done its work - that may take a year, two, three or ten years in somebody, but when they get to that point God can bring the transformation quickly. So He comes to Elijah and says it's time for rain. And what does Elijah do? Elijah has the confrontation with the prophets of Baal, there's great repentance in the nation. But then he goes in to prayer and asks for the rain because the way it works is, when it's time for the rain you ask for the rain. And even though there is no cloud, even though there's no sign naturally, he says to the king you'd better get out of here because I hear something. I'm hearing the sound of rain.

And you hear it in the spirit before you see it with the natural eye. You hear it in the spirit. You hear it in the spirit before you see it. But when you hear it, then you begin to decree and prophesy and ask. That's why we are here tonight. We are not here to repent. If God says repent, we will repent. But that's not why we are here. We have done a lot of repenting, we have done a lot of plowing.

God is saying tonight announce that the acceleration is coming to what I am doing in this nation! And that it's time for awakening! And a great harvest is about to take place, and a great turnaround! And I'm not finished with America, and the verdict that I have rendered is America shall be saved! That's what we are here to decree, that's what we are here to prophesy, and that's what we are here to pray!

There's another great Jesus People movement, there's another Great Awakening coming to the campuses of the universities. There's a Great Awakening coming to Washington DC. There's a Great Awakening coming to the State Capitols. There's a Great Awakening coming to the high schools. There's a Great awakening coming to the churches. There's a Great Awakening coming to this nation. And we have moved into the season where it is about to spring forth. Acceleration is upon us!

Daniel, same thing. 70 years of judgment. Daniel discerned through reading the scroll of the prophecies of Jeremiah, that the timing is up - the 70 years Jeremiah prophesied of judgment are up, and it's time for restoration. Yet, it's so fascinating to me - if the prophet prophesied 70 years of judgment, and 70 years of judgment took place, then you probably, if you were Daniel, believe this guy is accurate. And if he is accurate about the judgment, I believe he's accurate about the restoration.

But Daniel did not sit back and do nothing at that point, and just wait for the restoration. He began to fast and pray and call out to God. He said, you said - now I know what I'm supposed to do. When you tell me what you want to do, I know what I'm supposed to do. When it's time for the rain I'm supposed to ask you for the rain. Most of you know all that, but I'm contextualizing it for us.

Several years ago, probably the 50 state tour Chuck and I did, in '03-'04, certainly sometime in that season. ISA 46:10 says God declares the end from the beginning. That's a fascinating verse, isn't it? God is the only person that does not start at the beginning. He starts at the end. He says I declare the end from the beginning. So He's never trying to figure out anything. He never has to finally decide. He never has to come up with ideas, or where is this thing going to end up? Because He sees the end and declares the end from the beginning. So He sees it. He backs up because he's outside of time. And He begins to do what He's already decreed.

And he showed me, as we were traveling the nation decreeing things and saying prophesy from state to state - this is what God's going to do in America. Sometimes when you are doing that and you are in time, it's like Abraham. I think you said this to me 5 years ago, ten years ago, and then you get your cane out. I think you said this to me 24 years ago.

Sometimes as humans the temptation is there to get weary, worn down, lose heart in our well-doing, Gal 6 says. He said to me, son you keep decreeing and declaring what I give you over this nation because eventually time catches up with my decree. See, He declares the end. He declares 25 years before Isaac, Isaac is coming. He declares the end from the beginning and says you just keep saying what I say and you decree what I decree. Say what I say, declare it. And eventually time will catch up with my decree.

I was listening to my brother speak recently. He talked about a visitation, an encounter he had with the Lord, and the Lord was sharing with him some strategic, significant things. He said the Lord spoke to him and said many promises I made to people and this nation are now intersecting their time.

And I know exactly what he meant because it's just a different way of saying what God had said to me. Promises are now intersecting their time. Go to the nation and prepare the land, and activate anointing, and release hovering. Because what I have said over this nation is now intersecting the appointed time.

Now you are not going to believe that if you get your revelation from CNN, FOX, or MSNBC or headline. You are going to have to be listening this way [pointing up]. Because I can guarantee you the night before the angel showed up to Abraham and Sarah and said this time next year you are going to have a baby - I guarantee you it didn't look like they were going to have a baby. In fact they laughed a cynical laugh of unbelief, and why not, 99 and 90?

It doesn't have to look like America shall be saved in order for America to be saved. It's called faith. It's called believing not what you see but what he says. It's called putting your trust in him and in his word.

And then my last point: when you hear it, and He says it's time, what do you do? You ask. And you decree. You say what he said. See, the biblical word for confession doesn't mean we just parrot things over and over - if we say it enough God will be impressed and give it to us. The word is "homologia". It literally means say the same thing.

See, when you were born again you believed it in your heart and you said with your mouth and you were born again - what happened there is you finally agreed with Him. The gospel took on more power and more reality to you than your sin, and you were able to believe it and you finally said it - I believe this and I surrender to you. I repent and I make you Lord of my life. And just because you believed it here, you said it, the same thing that He said - you confessed it, you said the same thing - something very supernatural took place and you were born again.

So when we hear what He is saying, we say it. We agree with Him. And we decree a thing, Job says, and it is established. There's a word in the Old Testament associated with this. It's one of the two Hebrew words for create. It's the Hebrew word "asah". It's used throughout Genesis. It's used to describe basically all forms of creation and parts of creation - the water, the seas, the oceans, the trees. It's a general word for creation. It's also translated accomplish, or perform, or do.

It's often used to describe the words of the prophets. ISA 55:11 So shall the words be when they go forth out of my mouth, they will not return to me void but they will "asah", accomplish what I please, what I send them to do. His words are sent to do something.

But what's striking, is what most people in the church go through all their life and never make the connection, that when God said that, it wasn't like what happened with Jesus - when He spoke from the clouds and everyone heard - that's not what was happening in

Isaiah. God was saying the words that I say to you through this man, through this human, the words that I am sending to planet earth to Israel, through this person right here will not return void, but they will create what I send them to create.

It's very important for us to know that when we gather in meetings like this, and to me this is the entire strength of what Chuck and I do, because we are leaders in the prayer movement and we gather the praying church. And we listen, and we hear, and we read, and we gather it together. And we say this is what He's saying. And we begin to speak those words and they are sent into the earth, and they accomplish, perform, do, create what He said they would create. Because we come into agreement with Him and begin to say the same thing.

And when He says it's time for turnaround, we say it's time for turnaround.
And when He says America will be saved, we say America will be saved!
And when He says I'm accelerating this now, then we say He is accelerating this.
And when He says to prepare the nation, prepare states for what I am about to do, activate my anointing - then we go and say we are here to activate His anointing.

Obviously it's not about us, we know that by now. It's about coming into agreement with Him because He works through the prayers and actions and obedience and faith of His people.

God messes with me sometimes, has fun with me. Do you think He ever has fun? Look around you - God has fun. Many of you, if you have followed this movement, and read our books, you know my life verse is ISA 22:22. Several years ago the Lord gave me that verse - I put the key, authority, on your shoulder (shechem, symbolic of government - unto us a child is given, a son is born, and the government will be on his shoulder.) Because shoulders in scripture symbolize government, the shoulders of government, because they carry the weight of authority.

So the verse says I'll give you the key to the house of David. Put on your shoulder. You'll open doors nobody can close. And you'll close doors nobody can open. Jesus talked about the keys again in Matthew 16, He said I'm going to give you the keys to my Kingdom, my rule. And even the very gates of hell are not going to stop you. What you bind is bound, what you loose is loosed. And then it's quoted one more time in Revelation.

I went through a season when he was giving me this verse where it became scary and then funny how many times God was confirming to me, I'm giving you this verse.

People would walk up to me and give me keys. Over two weeks I was given hundreds of keys... I have a box of keys. And the 22 thing: I stayed in room 222 in the hotel, wake up at 2:22. Received a 22 caliber rifle gift at church...

So after about 40 of these confirmations the Lord said do you get this, that you have authority when you travel this nation, to open and close doors for Me. I'm not the only one who has that, you get that right? But it's my assignment. He said now you know you have authority.

So I was in Washington DC a few weeks later, leading a prayer group. One morning He said you send them to the State Department, but I have another assignment for you. Go to the White House. There's bad counsel coming to President George W. Bush. Take ISA 22:22 and close the door to that bad counsel and open the door to my counsel. I wrestled with it, and called my wife - she said I think you better do this, it's God. (I was supposed to be leading the prayer group.) It was bitter cold and I had forgotten an overcoat. I took a taxi and walked to the front of the White House, and started praying. I was full of faith on the way over. But it was shortly after 9/11 and they were changing things over and they watched weirdos carefully... The more I prayed the more they followed me.

After about 30 minutes I listened to the unbelievably long enough that I finally had a conversation with myself: who do you think you are? You get a bunch of keys given to you and you think you can go anywhere... so filled with presumption - you think you can stand down here and have some kind of influence in what takes place in the most powerful office in the world. I said to myself I'm getting out of here, this is a complete waste of time.

I didn't know there was a woman following me with a baby carriage who had finally worked up enough nerve to talk to me. I turned and she was there. "Is your name Dutch Pierce?" ... She said I feel so crazy doing this, I've never done anything like this. I've been following you for 30 minutes. You've been praying, haven't you? This morning I woke up and heard Holy Spirit say to me I need for you to go to the White House and I'll tell you what to do when you get there.

She asked the Lord - My husband has the car at work and I will have to walk a mile in this cold pushing my baby. She called her husband who said I think it's God, you should do it. I get here and see you. I had heard you speak a message on ISA 22:22. I think - that's the guy... I said Lord what do you want me to do? He said go remind him of that message and that verse. So she works up the nerve and we face each other.

She said "God says remind you that you have keys of authority to open doors that nobody can close and close doors that nobody can open. And ISA 22:22 is yours. There, I said it!" And she turned to walk away.

I said come back here. I don't think you're silly or ridiculous at all. Because I've been out here praying that scripture for the last 30 minutes in complete unbelief. And God sent you here to rebuke me and remind me. Now you go get your baby home where it's warm, and I'm going to go back over here and do this right.

It didn't take 30 minutes, didn't get loud, just walked over to the fence and said I close the door to the ungodly, unwise counsel coming to the President. And I open the door for the Word of the Lord to come to you.

And I grabbed a taxi and the Lord said to me all the way back to the hotel - don't you ever make Me get Mama and her baby out of bed again to remind you of what I gave you and assigned you to do with that verse of scripture.

So all day long I've been getting the 22's. I would guess at least 7 different pictures or clock faces have flown back and forth between my wife and me. He doesn't do that just to have fun. He does that to remind me and assure me - it's a very significant assignment tonight. And I'm going to allow you and the people together to release my authority and open some doors for me and close doors for me. And that's what we are about to do.

We didn't come here tonight just to hear a great sermon or somebody preach - we just gather and tune in and say what are you saying, Lord? I'm not against good preaching - we are here to hear what God is saying and doing. We are here to tap into what he is saying. We don't have to hear perfectly. We just have to tune into the essence of what He is saying, come into agreement with that, and say it *is* time. We know what time it is.

We are doing it here tonight and we are going to crisscross this nation decreeing that the verdict has been rendered over America: America will be saved! And we are here to decree that God is accelerating!

And we are here to break up fallow ground. And we are here to go deep in the soil of America, to the curses of racism and shedding of innocent blood and all the other things that we - the slavery issue and that Native American broken covenants, and all the sin, and all the immorality, and all the legislating God out of America's life, but we are here to

rise up and say we are going to stand in the gap and say what He says and time is about to catch up to His decree.

Because His promises are now intersecting their moment, and He's going to do - we've moved into the season where we can break up that fallow ground and get the root system alive again for this nation. The roots of Christianity, of righteousness, the destiny that God has for America - they are all covered over with junk, hard ground, sin, innocent blood. I know all that, but I'm here to tell you that root system is not dead! It is alive and well. And we are here to speak His resurrection life in it. And release the hovering of HS over this nation again.

We decree Lord, you are hovering over the Carolinas. You are about to bring forth something as a first fruits here, just as the enemy brought forth in days gone by with slavery and with secession and disunity, but Lord, that's all been covered by the blood of Jesus! That's all been dealt with, and we are just here now to say get off the root system of America! God is hovering over this nation to begin a 3rd Great Awakening! And it's going to begin over here in these Carolinas! And the East coast of America is going to burn with holy fire! And the fires of awakening, the fires of revival are coming to this land!

You are going to burn in the high schools, and junior high schools, and the college campuses, and the streets of America, and the churches of America. And we say holy fire! Abundance of rain! Strong wind from heaven is coming to this nation!

Chuck: You'll find that it's written in one of the books I've written that there would come a time when SC, God's eye would come on SC. And it had to happen for our nation to come into the place that the Lord would have it for the future. That was 18 years ago that I wrote that. I've watched carefully. We were in a meeting in OK - He said I'll begin by removing the confederate flag that's flying over it. I think when Nikki Haley came into office and did that, it was key.

Because there's something about the standard over us flying that represents who we are. At some point you weren't that. And we are speaking now in the Carolinas to South Carolina. And you are not that any longer. That standard has been removed from you. Now turn to somebody and just wipe it off from them. That isn't who you are any longer.

But he said there would come a time when His remnant would gather in Columbia and when that happened that would be the time that He grafted the Carolinas back into their ultimate purpose.

I am here to announce tonight there is a supernatural re-grafting of the Carolinas back into God's purpose for America, and out of Carolina there will come a voice of change that literally produces revival from the first people's roots of this land all the way up to the people who are ruling the treasury system of this land. God says out of the Carolinas you are being grafted back in, and now the awakening of this land can begin and accelerate!

Damon, you and your wife step out here. This couple, I watched the Lord move you to Carolina. I've watched him bring you here for such a time as this. There's a revival anointing on you. It's beginning. But the Lord says you haven't seen anything yet. You are going to start moving from where you are, and you are going to start filling places that you didn't know you could fill. And you are going to let manifestations come forth. The Lord says I'll bring the lowest and I'll bring the highest in. I'll bring those in that need miracles.

And this was the last thing the Lord said to me about SC - he said when this gathering occurred - 18 years later - He said this would begin the breaking of a spirit of infirmity that was ruling this land, and a move of divine evangelistic healing will break out of the Carolinas and sweep through this nation! Put your hand on somebody and say that healing anointing in you is rising up!

And the Lord says you watch as a sign, the treasury system of this nation begin to shift. You watch things begin to happen. I say to you, I have waited and said there will come a time of re-grafting. That has happened. And now healing will sweep the land!

Dutch: Lord, we take the keys of the Kingdom of heaven and we unlock the door of signs and wonders and the supernatural miracle-working power of Holy Spirit into the Carolina region and from here into the nation.

We close every demonic root that has been in this region that has allowed the enemy to rule and to oppress and even cause that religious-political spirit to marry, and witchcraft to come into this region. We close the door to all that.

And we unlock the door to the 3rd Great Awakening in America, to begin to well up in the Carolinas, in the land of the Billy Graham anointing, that there is a prophetic evangelism about to be birthed in this nation coming from the very soil. And we open the door to it, in Jesus name!

Chuck: Now let the new song come forth. Let new songs break old cycles! Lord, we say let healing songs of harvest come forth from the Carolinas! The healing songs of harvest - we say let them come forth from the Carolinas! Bring the Carolinas in front of America. We loose it now, in Yeshua's name!

Singing: The curse is broken, the old is gone. The door is open. Rise, to see what he wants you to see. The curse is broken. The old is gone. The door is open. Arise to be what he wants you to be.

Chuck: Watch me move on the campuses of this state. Watch me use the campuses of this state, of the Carolinas! Watch me cause the campuses to come alive!

Dutch: So Lord we open those doors. We say holy fire, fires of revival are beginning to burn on the campuses of the Carolinas. We decree there will not be one college campus or university in the Carolinas that is not experiencing the flames of revival in this next season that is coming! We say open door! You must open!

Chuck: Hear me - you've got to say it. In September someone said you're prophetic, who will win the national championship? I said Clemson will win it because God is on the Carolinas! Now hear me, you have to speak by faith what God is saying and watch it be displayed.

The Lord said this is the beginning of divine encounters for my people and divine decrees for my people. I say, you will decree a thing and watch it happen. I will send signs upon your decrees. I say to you, decree it! Watch it happen! For my eye is on the Carolinas!

Singing: The old is gone away, the new is here to stay. Your glory now will reign! The old is gone away, the new is here to stay! Your glory now will reign! The curse is broken, the curse is broken, the curse is broken!

Chuck: Shout it! Religion can't control!

Singing: The curse is broken! The curse is broken!

Chuck: The Baptists will start getting free! Shout it! There's a freedom about to hit the Baptist church and people are going to get slain and people are going to yell and repent. Communion will break out!

Singing: The curse is broken! The curse is broken!

Chuck: Shake that religion!

Singing: The curse is broken! The curse is broken!

Dutch: Lord you told us that this was the season, and I know it's what this tour is all about, that giants would begin to fall. This is the season where that which has been rooted - even the perversion of religion that has become dry and dead and stale and powerless - but Lord, the giants of abortion, the giants of racism, the giants of division, the giants of immorality - Lord, you said this is the season you can pull down the giants.

So Lord, we say over this region that strongholds of darkness are now being dislodged, and evil systems that have ruled this region and in the spiritual realm are being unraveled now. And we close the door to all of that activity. And we open the door to the new. We say the curse is broken and the new has come!

And now the new will begin to manifest, and Isaac will be born in this season! And giants will fall, and Goliaths will fall, and righteousness will spring up out of the earth, and the fruit of your Spirit will begin to prevail!

And Carolina will produce the fruit of righteousness, and the fruit of life, and the fruit of self control, and the fruit of love! And the fruit of Holy Spirit will invade this region once again!

And evangelism will come with great, great strength!

Chuck: Decree covenant-breaking - from this city a nation's covenant was split - we say covenant-breaking, you spiritual force, you no longer have a right to split this land again! Shout it! Healing has begun!

Singing: Your glory now will reign! Your glory now will reign!

Chuck: Break it out of your bloodline! Tell your bloodline: be cleansed! You are taking back the spoils!

Singing: Your glory now will reign! Your glory now will reign!

Dutch: We say America shall be saved! America shall be saved! And He is accelerating the restoration that He decreed over America! America shall be saved! The Carolinas shall be saved! The East Coast will be saved! The West Coast will be saved! The North, the South will be saved! The rich, the poor, every race! America shall be saved!

Singing: America shall be saved! America shall be saved! America shall be saved! America shall be saved! From the North, to the South, to the East, to the West! Every lake, every sea, every river, every mountain, every plain. America shall be saved! America shall be saved!

Chuck: Now put your hand on someone and say, you are witnessing a miraculous re-grafting of this land of this nation again. The Carolinas are now arising with double portion anointing!

Now tell the Lord you are ready for your next portion! A new portion! Of victory! Of power! Lord we give this to you! We lift it up as an offering! We say now is the time that you have brought what begun to shift a nation back in to place so a nation can be shifted! Give a shout!

Let's thank God one more time for Susie and Anne bringing us together here.

Anne Romanello: Chuck and Dutch, right now we decree an undefeated season! As you go around to plow and you go around your regions we decree an undefeated season! And you will win your championship, in Jesus' name! The Carolinas - we [all] bless them to win their championship!

Susie Zeigler: We call up Julie and Joe Turck. We have a gift for you, Chuck and Dutch, from the Carolinas. We talked a lot about roots. And, we want to make sure that Chuck and Dutch carry throughout the nation, as they go around plowing, we want them to carry this joyful song, this Carolinas anointing with them, out!

Julie Turck: We would like to present to you these wine glasses with Carolina roots written on it. On one side is North Carolina and on the other side is South Carolina. I declare that as we have worshipped and declared here today, that the roots from the Carolinas, and the new song, and the joyful song, and the treasures of this land go forth with you.

Anne Romanello: Also, the wine Las Rocas means the rocks. What an unusual name for wine. It's a prophetic picture. What I see in it - look at the top is the grapevine or the tree. And then beneath - look at the depth. And we are here to plow deeply. And when it gets down in the roots it comes to a heart-shaped patch of rocks. They are dead rocks way down deep, right? In the Carolinas it's the sound and voice of resurrection! And this plowing is blowing on those dead rocks to transform them with resurrection into living stones! And we want to bless you guys that everywhere you go, the fruit of where you go, the produce is living stones to be built into the house of the Lord, as you plow!

Chuck: This is my wife's birthday, and Dutch's birthday. We say lots of fruit is going to come forth from them. And they both like to drink wine. We say this will be a year of joy for both of them. I can already feel the baptists having revival. Let's shout!

Susie Zeigler: We are going to worship out on a joyful song out of the Carolinas, and declaring joy to the land!

A Joyful Sound in Song from the Carolinas: Joy in the Vineyard!

Oh there's fire in the vineyard! Oh there's fire in the vineyard!
Oh there's fire in the vineyard! And there's power in the blood of the Lamb!
Joy to the world! The Lord has come! Let earth receive her King!
Let every heart prepare Him room! And heaven and nature sing
Joy to the earth! The Savior reigns! Let men their songs employ
While fields and floods, rocks, hills, and plains Repeat the sounding joy!
Oh there's fire in the vineyard! Oh there's fire in the vineyard!
Oh there's fire in the vineyard! And there's power in the blood of the Lamb!
No more let sin and sorrow grow, Nor thorns infest the ground;
He comes to make His blessings flow, Far as the curse is found!
He rules the world with truth and grace, And makes the nations prove
The glories of His righteousness, And wonders of His love!
Oh there's joy in the vineyard! Oh there's joy in the vineyard!
Oh there's joy in the vineyard! And there's power in the blood of the Lamb!
Oh there's joy in the vineyard! Oh there's joy in the vineyard!
Oh there's joy in the vineyard! And there's power in the blood of the Lamb!
And there's power in the blood of the Lamb!
And there's power in the blood of the Lamb!
