

The Language of Kingdom Part I - Hearing and Discerning God's Voice

Zoom 1 Highlights Notes 4/8/21

I. Opening Prayer and Introduction - Susie Zeigler

I'm as excited about this tonight as anything we have done. Welcome! Together we are going to step into something new. We will advance however the Lord will have us advance... Be ready to jot notes - the Lord prompted me that HS will speak tonight - you want to be ready to write it.

Lord, we are here to increase our fluency in your language the Language of Kingdom. We want to love you more and communicate more fully with you, and others, in your language.

Video clip of Bambi - communication is a process. Ever try to communicate with someone you are dating who doesn't speak your language? ... Or someone who is deaf - and you have incentive to learn sign language. Learning a language is a process. We are looking at this zoom series as a language lab, a workshop.

Language and communication involves relationship. That's the way we are going to really learn the language of Kingdom.

II. Catching Overall Vision for Kingdom Language - Anne Romanello

Vision for Kingdom Language and EOZ/ Carolina's Piece is Kingdom Language - Voice of Harvest... [photo example of a lily unfolding](#). We may be at the pod stage - but the bloom is coming! God's heart is for US to be part of unfolding that - break forward Kingdom language! The language of Kingdom is not the same thing as being prophetic, but it includes it in scope. There are purposes of the language of Kingdom which we will begin to address going forward.

For tonight, it is important to know we believe **we shall impact this generation and future generations of God's Kingdom people by breaking through on the unfolding of Kingdom language!**

The Lord has given us significant clues along the way.

Examples: 1. The spiritual significance of the passing of Billy Graham...

2. Biblical insights - such as how Ahab displeased God by not ending the influence of Israel's enemy, the king of Aram - and generations later the language of that enemy, Aramaic, was spoken in Jerusalem during Jesus' time on earth. All that was the setting for the Naboth's vineyard incident, which came forward in Charlotte. We are in a battle for our inheritance, and it shall not be stolen! The language of Kingdom shall be spoken in our future generations, not the language of the enemy!

For the next 5 minutes - consider the prophetic words of destiny spoken over EOZ and over the Triumphant Reserve in the Carolinas, (including the gates in surrounding states.) The following are words pertaining to our prophetic destiny, **regarding the Voice of the Lord.**

Dutch Sheets spoke this in Charlotte (9/5/17):

The Lord keeps bringing me back to this, that **there is a new release of His Voice** coming to this nation. That means the prophetic anointing is about to go to **an entirely new level**. That

means it's about to become much more accurate. That means there's another wave of prophetic outpouring, not just prophecy, but prophetic anointing; prophetic gifting - dreams, visions, revelation from scripture. Anything that has to do with God talking to us, whether through the word, through the prophets, whether it's while you sleep - that's all associated with the Voice of the Lord.

There is a new season we are moving into where the Voice of the Lord is released to us. And when that begins to happen **not only does the Voice of the Lord come to the church, the Voice of the Lord comes to the sinner.** Because when the Spirit of revelation, when the prophetic anointing, when the Voice of the Lord is released bringing the Spirit of revelation into a place, **not only do God's people hear His Voice, but unbelievers begin to hear His Voice.**

... **So the Voice of the Lord is about to be released and for some reason He really zeroed in on that here.** He said **here in the Carolinas** you are going to hear the Lord's Voice in a new way. He actually implied it, and maybe He said it - that it's going to come **here** in ways that begin to shake the rest of the nation. **And even the way we go to war and the way we harvest!**

...

...**James sang:** Let the voice of the uncommon thing be heard upon the wind. Let the voice of what carries us out of what we know and out from where we've been, out from all we've been be heard upon the wind.

LeAnn sang: Let the wind blow. I see fields of wheat bowing low as the wind blows, as the wind blows. We are saying this to the heavens above. Let the wind blow. We receive the winds of God. Let the wind blow.

Chuck Pierce prophesied in Charlotte (9/5/17):

And I say to you there's a sensitivity that's coming upon these states called the Carolinas.

...

For I say from the Carolinas, there will come a ruling voice, that rises up, that influences the direction of the nations of the world.

I say to you the Carolinas will be known for shifting this nation into a new flow of My Spirit.

And I say to you I am **breaking down religious structures** in these two states and I am **realigning the Army of the Hosts above you and I am realigning the Army of God within you.** I say to you, **I will cause you to know the breakthrough anointing of My Spirit upon these States.** It will be known that the Voice of God reigns from these states called Carolina, and **set a course for a movement from east to west,** saith the Lord.

... And I say to you, the racial squabbles from your past will seem mild **to the voice that I give you** to direct nations, saith the Lord. I say to you I will heal and make one those that you didn't think could be made one. I will redo structures and organization and realign councils. **It will be said, in Carolina, they rose up together and created a move of the Spirit and a school of the Spirit for a whole nation to be schooled in the future.**

... And the voice of harvest will rise in these states. For you will know that you are a part of My redemptive plan for the harvest in this land. So I say, the voice of harvest will rise again, and be heard from these States saying “Here is the strategy of harvest in the nation.” I say to you, the voice of harvest will arise.

... And I am in the process of tearing down and reordering. I say, say to My church, it is time to build again. Therefore, I will send My wind of rebuilding through these States, and **Carolina will rebuild for the harvest ahead**.

III. A Fresh Anointing - UNSEALED - Anne Romanello and Susie Zeigler

Are you ready for an anointing in this? Another first on Zoom - anointing in the air!

Upon my and Susie’s ordination at Glory of Zion, words were spoken of prophetic destiny. Then we received an anointing, and right now we want to do a zoom first: anoint you too!

Chuck: **So Father, we TY right now for their call, we TY for their anointing, we TY. And I’m anointing you - I asked for this oil - It’s called: Unsealed. We decree what’s been sealed up will now be unsealed. And you will be causing seals that have been on that territory to come loose, they will melt away. Now Father we send them forth!**

So now at the beginning of this multi-part series, we anoint you **for breakthrough in the Language of Kingdom**, from the East to the West, from the Carolinas to this Nation - **for Harvest in the Kingdom of God**.

May this anointing go out powerfully throughout this territory to those in this EOZ apostolic alignment, and throughout this territory: May the Language of Kingdom Be Unsealed in us all, in the name of Jesus!

Susie: I believe the word of the Lord over us and over this territory. I believe that now is the time for Unsealing to come to a new level, and that the Lord has ordained this time and day. I am anointing my fingers with Unsealed Oil. I believe HS can do this. Receive from HS the anointing to participate in the unsealing of a territory, and the opening of the voice of the Lord, the Language of Kingdom to go forth in this Nation, and shift the atmosphere. Thank you Lord for the anointing of your Spirit to UNSEAL each one of us and this territory, in Jesus’ name!

Lord, we believe your Word. Thank you that your word is powerful and active, and quickens in us when we join our faith with it. We thank you that your word does not return void, but accomplishes all you sent it to do. With expectancy we are watching and waiting for all you are going to do. Blow, wind, blow through us, our families, our regions and in this territory for your glory. Receive that anointing. The Anointing breaks the yoke. I’m seeing it all come off.

Donna Souza: I just heard the Lord say He’s waited a long time for this night. TY Lord! We have met you here tonight. You have waited for us. And we come ready, open vessels, to receive everything you have for us.

Susie: The Lord is our Breaker, and he has gone before us. Yes, he has waited for us to come through. The Lord has broken through, and we are coming behind. We TY, Lord. We follow you!

[We all receive this anointing and worship the Lord together.]

The word of the Lord, the truth of the Lord, the Voice of the Lord, the majesty of the Lord - the Voice of the Lord is established in the airways, in the water, in the land, established in this territory. We belong to Jesus!

IV. How We Will Move, Goal for this Part 1 Series - Susie Zeigler

We are going to move in this with HS for a faith activation as we continue on tonight. Allow your faith to be stirred. Allow new pathways for the Lord to be opened in you as we continue. Our goal for this series is to discern the Voice of the Lord speaking to us - to be able to know His Voice better, and to obey him more fully.

Our format will be more like training and equipping than a teaching or lecture. Faith Activation. Impartation. As you hear different ones give testimony of what the Lord has done in their lives, let that raise your faith level and let that activate in you new things. We have different strengths - so many manifold ways the Lord communicates with his people. No two people alike. We will not have a prescription; we will have different ones express so everyone can know God wants to use you in the special way he speaks to you and through you. There is not a one-size-fits all.

It's an identity thing too - we all want to become who the Lord has made us to be, because our piece is essential in the overall plan of the Lord. This is a mentality that we all want to have the freedom of the Lord and be unsealed to be all he has put in us and made us to be.

We have invited a team of volunteers we asked to prepare to share some testimonies, answer some questions, and have a conversation tonight with different perspectives.

Donna Souza - North Augusta SC
Matthew Gargano - Clayton NC
Jean Twiggs - Murphy NC
Kelli Gordon - Brevard NC
Melanie Wadsworth - VA Beach VA

V. Seeking Him for Direction

Ever have had to make a decision and want to know what the Lord wants you to do? Chuck said this on 1/3/21. "Revelation uncovers. Wisdom, when spoken out of revelation, dismantles. We are not just coming from past knowledge this year. We are coming out of revelation that can be seasoned by a spirit of wisdom..."
- We need revelation from the Lord, but need to merge it with wisdom to know what to do.

Donna Souza: - **finding a brain surgeon when first moved to NC:** asked the Lord for the best hospital and best surgical team that he wanted for me. I began to research and every day

spend time with Him and asking Him what I needed... His final word regarding my surgeon was "the man who wears a bow tie is usually a sure fit." That was my surgeon. The Lord provided the best - came through everybody was amazed... I thank the Lord that when we inquire and discuss things with him - He talks back. He is able to lead and guide us in the way we should go.

Susie: Prov 3 TPT Trust in the Lord completely and do not rely on your own opinions. With all your heart rely on Him to guide you and he will lead you in every decision you make Become intimate with Him in whatever you do, and He will lead you wherever you go.

Matthew Gargano: - moving to NC from IL: One of my regular confessions is "Lord, I TY that you have permanently and securely bound my feet to the steps you have ordered for me. You will not allow me to bear to the right or left, that you keep me in your perfect way and timing and you will not allow even me to take me out of the steps you have ordered for me." I believe it.

God started by giving me a dream a little over one year earlier to prepare me. The level of detail was such that everything was confirmed though clues planted in signs, numbers, and things people said. God told me to plan to move during one summer. He even told me who to either give away or sell my furniture to. Right down to Him saying that someone named "Matthew" would move into my then Townhouse, and purchase my living room set for \$1200. That came to pass (confirmation). He told me I would take a position within a two-hour radius of where my parents lived, I would have an interview in October, an offer in December, and start in January. All this came to pass. Shaw University... great blessing.

Susie: Listening to Matthew - his will was laid down before the Lord and he was willing to do whatever the Lord wanted him to do. A favorite quote from Amy Carmichael, "God always gives the best to those who leave the choice to Him." Almost always, you'll notice you are laying something down for the Lord, and He tests us. Matthew had an offer in St. Louis that he wanted. Also the different confirmations - helps with direction.

Anne: These testings - you could also call them trainings, yes? And regarding what Donna shared - you can count on the kindness of God. When you are in a vulnerable position He feels it with you, knows it, is there with you. You can count on Him.

Kelli Gordon: My story of moving to Brevard - I entered a 30 day covenant prayer with the Lord. Prayed for my marriage, my husband every day. The Lord confirmed it over and over. A door closed to a career he had for years, but opened to a dream he had. I prayed for faith of Joshua and Caleb. God moved us up to the mountains... Pharmacy. The Lord gave me clues from His word. Found there is not a Hebrew word for "coincidence." The Lord taught me to trust... He has put me with EOZ troop that prays for this state - He brought to mind - the faith of Caleb and Joshua - will come in handy now because there are going to be some giants... Surrender - putting hopes, dreams, and desires on the altar - trusting that God will give something better or rightly align with himself and give it more fully back to you. Saw that full surrender in Matthew's story.

Susie: A take-away I have from a similar situation is don't look only at the circumstances. Let the Voice of the Lord be what leads, not the circumstances.

VI. Hand of guidance: example of HS guiding your path

Jean Twiggs: On 2/24/88 - my children were small and I was getting them ready for school. Had to take my kids to school and sister to hospital to deliver baby. I was in a rush, behind slow car - and I usually don't stay in slow lane, but I had a knowing that I needed to stay in that lane... Turns out the left lane was blocked with a trailer. Had I gone in the left lane, there was no question that we all would have been killed. I thanked God that He kept me in that right lane! He protected us. **Susie:** She had a knowing. It's being sensitive to HS when He prompts us.

Stephanie Belton: When Donna and Matthew were talking about transition from one State to another. God's plans start before he even shows us because of preparation time required for us to move out. He shows us and in the process is preparing us. There is time for transition, but also preparation time. God knows all things and confirms his plans along the way.

Melanie Wadsworth: Intercessory Adventures. God uses me territorially, and land-wise. Sometimes He will give me direction to go to a specific location or sometimes He tells me turn by turn in the car. While driving I will sense a presence, sometimes an oppression, sometimes an open heaven. He usually draws me into intercession. Sometimes He will put me into travail over specific land area that I am not familiar with. He will give me decrees. After that I usually come home and do research to see specifically what He was leading me in. He will affirm the senses He gave me about what that specific area needed. And He will give me scripture to pray strategically for that area going forward. "Not all who wander are lost."

Susie: Ways we hear from the Lord - over time I've grown more to hear the voice of the Lord, but wouldn't classify myself as strongly prophetic. I believe the Lord speaks to us in ways we can hear Him. John 10 - my sheep hear my voice. Sheep know their shepherd's voice. Lord, how is that? They are with the shepherd all the time - they go everywhere he goes. They know if someone else starts speaking to them, that's not my shepherd. The Lord speaks in different ways - Melanie driving her car - I have never had that happen to me. But we can all hear what the Shepherd is saying to us in the ways He wants to speak to us. I want to encourage everyone - have faith for more, but know we are all different, too.

VII. What hinders us from hearing the Voice of the Lord?

A Process for Kingdom Language - Anne Romanello

Let's go to a new place together, in the Lord. Kingdom Language begins with listening to words and the parent's voice, even before understanding the words.

- Little babies hear their mother's voice before they speak the language
- Then we learn vocabulary and mature in language skills
- Then we can become powerful communicators.
- Tonight we are saying Lord, we want to learn your language, will you teach us to hear your voice?
- Bible translators - want to get the Bible to everyone, in the language their mother spoke to them. How much more do we want to communicate in Kingdom Language! It's precious. This language is in the spiritual realm.

Take away the barriers tonight that would hold us back from hearing and discerning God's voice clearly, that would try to cause us not be vessels to carry and send God's word and his heart's desire. Let's all help each other:

- Lack of Bible/ lack of hiding God's word in your heart. Lord, we set our intent and say yes, we want to hide your word in our hearts and give you plenty to work with in accessing and enlivening the deep, deep parts of us.
- Lack of communion with the Lord, being in His presence. We turn from that. We want to follow you around, Jesus.
- Hard heartedness - Lord soften our hearts with the oil of your Spirit.
- Do you feel "on the outside looking in" when it comes to hearing and discerning God's voice? We step out of agreement of not hearing the voice of God. Every one born of God are supernatural beings. It's a new day!
- Fear of believing you are hearing God when it is your own thoughts, or worse - the enemy planting thoughts? HS, we put our trust in you to train us to hear your voice. You are trustworthy, good, and your loving kindness and mercy follow us around.

Susie: I declare the love of the Father over each one of us. He loves us so much that He gave. I declare that love of the Father be unsealed and unlocked in us in ways we have not experienced before. Perfect love casts out fear. TY, your love is flowing through us, to us, and being unlocked in our innermost being.

Anne:

- Misplaced worship. We turn from that. You are the love of our lives. Help us see and enjoy you.
- Not guarding our ears so we are overly subject to cultural voices.
- Spirit of religion - rejects/ suppresses prophecy, sets up false voice to try to dominate us. Religion is not open to change - prefers doctrine over testimony, rationality over experience. We say "no!" to the cruel taskmaster of religion, seeking to control us. We welcome Your Voice that brings change, that leads us in LIFE! We welcome every fresh encounter with you. Father, for anyone here who has been under teachings previously that cause us to be distrustful of our experiencing you, we say we want a fresh encounters -Spring up oh well! Let the life of God flow wherever the river of the water of life flows!

Susie: I see each of us as a grain of wheat. As HS blows, this time of threshing - I see us as a grain of wheat, and we are feeling the wind blowing on us. And these things that are chaff are being blown away. We let go of any of these mindsets and things we are confessing. HS is blowing those away from us. Blow, wind, blow! In Jesus' name.

Kelli Gordon: One of the things that hindered me before 2020 was not really understanding intimacy with God. In 2020 He paused everything. I had a lot of fear at the beginning of 2020. The fear of the Lord hit me and that truly was the beginning of wisdom for me. I began worshipping him in the midst of news going on about pandemic. Every day. I didn't go with an agenda, but just to sit with him, wanting to hear his voice and what he was saying, not anything I wanted to say. Sometimes worship - He would speak to me or just calm the storm in my heart. Learning intimacy - it's ok to be quiet, ok if he doesn't say anything - we can just sit together. That has been transforming. I don't talk so much as I used to.

Matthew Gargano: Years prior to moving to NC, when I was married - wife decided she didn't want to be married anymore - no reasons why, refused marriage counseling. ... devastating... Moved out for six months, fasted, prayed. Then the Lord said it's over - she's not going to change her mind... The hindering part - I said I can't even guard my own heart right now. I have to give my heart to you to guard. I need you to take my heart and tuck it away or safe keeping in your heart. I got to the place where I said I loved you more than my marriage, more than my promised son, more than anything else in my life. I meant it. It was a 5 year recovery period emotionally and spiritually... I still need to guard myself on desires that I think I am entitled to - fleshly areas of un-surrendered soul - so that does not hinder me. Also judgments and pride - areas I have to be so sensitive and ask HS, so I can dispose of it properly.

Melanie Wadsworth: Doubt, unbelief, and lack of faith. Having a chronic medical condition - every day getting up before the Lord - is this the day my healing comes? The voice of the enemy is always trying to bombard. Sometimes I become weary of quoting the Scripture, however I am trying to deal with a situation at the time. Those are the three that hinder the most in ongoing battle, having to deal with them.

Susie: Hearing the hindrances increases the importance of moving in a Troop. We need each other. We can help each other. We can stand with each other. We can have faith for each other, when the other person is not having faith. We can press forward together. We have to recognize there is a battle going on, and enemy wants to hinder us from hearing the Lord. But the Lord is never going to give up on us as we are pressing toward him, to hear his voice. Sheep with shepherd all day long - our defense is making sure we live our lives in the shadow of God Most High.

Anne: TY Melanie, for that vulnerability and example. When Melanie was sharing that - instantly dropped into me that HS may be quickening one or more people here on an assignment with Melanie regarding overcoming that chronic health issue. If you heard HS right then, email Susie and me after this.

Susie prays: TY Jesus, that you have bought and paid full price for total healing. We call on the Mighty name of the Lord Jesus Christ. We are all believing and standing with Melanie for a full manifestation of healing for her. You are the Breaker. As we have prayed and acknowledge tonight that you have broken through for us, for anyone on this zoom that needs healing - whether spiritual healing, physical healing, or soul healing - you have bought and paid full price for our healing. We say the way has been opened fresh. We are standing together in this month of miracles in Nisan. We receive all the healing in every cell of our bodies, because we belong to you, Jesus.

Tony Petty: One of the biggest hindrances - He took away because I was analytical and training in religious - and shut them down. Don't always expect the Lord to speak to you in your head. He has spoken to me with a dead opossum in the road, with buzzards up in the tree, and in the middle of the day when I was nervous about something, He set a red hawk in front of me. I drive 200-300 miles a day to do my job. A lot of times he'll use the birds to get my attention. God is spirit. He's going to speak to you in spirit, and you may not hear him. Today - felt to answer phone with strange number during work - it was Michelle and needed something. Don't expect to speak the way you think He's going to speak. Look to the sunrise, his creation, look for any way for God to speak to you.

VIII. Worship and Listening - The Journey

Anne: This may be a time to write down what the Lord says to you: Song - LeAnn Squier singing "The Journey".

Lyrics: Deep calls unto deep at the sound of Your heart beating in me
I am unafraid at the sound of the Voice that's calling me
I sleep but my heart is awakened
Deep calls unto deep at the sound of Your rivers raging in me
I can only move with the rhythms of the grace that has captured me
I sleep but my heart is awakened
How can I stay where I am?
I'm running after You, I'm running hard and the day is breaking
Letting go of what I've known for what is true
Here I am, fill me once again. Take me on this journey with You that never ends

Matthew Gargano: I heard during that song, and the Lord said to release this to all of us. It's an activation of our faith that is going to unlock the hearing. I wrote it exactly the way He said it to me. Get a treasure chest. Put these things in it, in this order: something new, something blue, something sharp, something dull, something round, something sound. He said ask Him which room to place this in, in your dwelling place. 6 items. It's an activity of faith for us to engage in.

IX. Triumphant Conclusion

Susie: I declare over all of us that what has transpired tonight will continue to bubble in us, and we will continue to hear, even tonight as we sleep, in dreams, and tomorrow as we awaken. We will continue to hear the things he is speaking to each of us. The language of Kingdom.

We will meet next Thursday - more testimonies and connection next week. Beyond learning the Language of Kingdom, we are focused on communicating with the Lord. There is a Part II - where we will focus on communicating what the Lord has said, saying what He is saying in decrees and declarations. It is not new to us, but we have further to go. Then the Language of Kingdom Part 3 we want to learn how to communicate spirit to spirit with each other and with the harvest - with that prophetic word Anne read over us - they are hearing the voice of the Lord and need us to tell them that's the voice of the Lord, in the language of kingdom. This is where we are going - on this journey.

Anne: This Sunday is FIRST. The timing is no accident. God does all things beautifully. FIRST will be almost like the next sequence between this session and next week because it's on IYAR, associated with the Tribe of Issachar, who could take the word of God and understand in prophetic timing what Israel should do. That goes along with this whole thing. We invite you to participate in FIRST. If you cannot, please always watch those highlights videos on embassyofzion.org so you stay in momentum with your Troop. Things you heard from the Lord tonight that are for the group, please email us.

Susie: Write us whatever is on your heart to write us. EmbassyofZion@gmail.com. Lord, we TY for Your blessing. Rain on us, watch over us, cover us. Lord, set your boundary around us. TY for Your wrap around love for each one. Multiply to us an advance of your Kingdom. All for your glory, in Jesus' name.
